APPROVAL OF ONE-STOP SHARE OF COST AGREEMENT WITH THE COUNTY DEPARTMENT OF HUMAN ASSISTANCE, PY 2011-2012 AND AUTHORIZE THE EXECUTIVE DIRECTOR TO SIGN THE AGREEMENT AND ANY REQUIRED DOCUMENTS PERTAINING TO THE AGREEMENT

BACKGROUND:

The Workforce Investment Act requires that One-Stop partners contribute a share of the costs of the One-Stop System proportionate to the use of the system by individuals attributable to the partner program. STAFF PRESENTER: Robin Purdy
ITEM III-A – 1 – ACTION

APPROVAL OF RETIREE MEDICAL INSURANCE SUBSIDY AND RETIREE MEDICAL AND DENTAL INSURANCE PROGRAM ADMINISTRATIVE POLICY FOR CALENDAR YEAR 2012

BACKGROUND:

Since 1980, medical and dental insurance premiums for retired annuitants have been subsidized by the Sacramento County Employees Retirement System (SCERS). These were declared not to be vested benefits, with no promise of continuing. SETA, as a Special District of the Sacramento County Employees Retirement System (SCERS) is required to take action for its retirees on the issue of subsidy for health care insurance premiums. This action is independent and separate from the County Board of Supervisors who act on behalf of their retired employees.

SETA has never vested retirees with a health care insurance benefit. Beginning with Fiscal Year 2004-05, SCERS funding was no longer available and SETA began to subsidize health care insurance premiums with SETA funds to assist retirees with the purchase of health and dental insurance. On June 3, 2004 and June 2, 2005, the SETA Governing Board approved funding of the subsidy to SETA retired annuitants for the 2004 and 2005 fiscal years.

On May 4, 2006 the SETA Governing Board took action to continue paying medical and dental subsidies to current retired employees at the current rates and limit future program enrollment to new retirees, who, as of January 1, 2007, are SETA/SCERS members that have ten years of SCERS service as of that date. These payments would continue through December 2007.

On October 4, 2007 for calendar year 2008, the SETA Governing Board took action to continue paying medical and dental subsidies to current retired employees at the current rates and limit future program enrollment to Eligible employees who retire on or before August 31, 2007. The subsidy was eliminated for all participants who retire after August 31, 2007. This would include the continuation of the $25/month towards retiree – only dental plan premiums.

On October 2, 2008 for calendar year 2009, the SETA Governing Board took action to continue paying medical and dental subsidies to current retired employees at the current rates and limit future program enrollment to Eligible employees who retired on or before August 31, 2007. The subsidy was eliminated for all participants who retired after August 31, 2007. This included the continuation of the $25/month towards retiree – only dental plan premiums.

STAFF PRESENTER: Rod Nishi
ITEM III-A – 1 – ACTION (continued)

On October 1, 2009 for calendar year 2010, the SETA Governing Board took action to continue paying medical subsidies to current retired employees at a reduced rate and eliminated the dental subsidy. The Board continued to limit future program enrollment to Eligible employees who retired on or before August 31, 2007. The subsidy was eliminated for all participants who retired after August 31, 2007.

On October 7, 2010 for calendar year 2011, the SETA Governing Board took action to continue paying medical subsidies to current retired employees at a reduced rate and eliminated the dental subsidy. The Board continued to limit future program enrollment to Eligible employees who retired on or before August 31, 2007. The subsidy was eliminated for all participants who retired after August 31, 2007.

Current subsidy/offset payments are as follows:

<table>
<thead>
<tr>
<th>Years of SCERS service credit</th>
<th>Amount of subsidy</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 10 years</td>
<td>$72</td>
</tr>
<tr>
<td>10 years but &lt;15 years</td>

<tr>

<td>$108</td>

<tr>

<td>$126</td>
</tr>
<tr>
<td>25 years or more</td>
<td>$144</td>
</tr>
<tr>
<td>Dental coverage</td>
<td>$0</td>
</tr>
</tbody>
</table>

Three options are presented for your consideration.
- OPTION A: maintain the current subsidy; see table above ($33,210 for 26 individuals)
- OPTION B: eliminate the medical subsidy to retirees ($0)
- OPTION C: approve a subsidy at a lesser amount than the table above

Under the proposed 2012 Retiree Medical and Dental Insurance Policy (attached), retirees not receiving a subsidy will still have access to the County’s group insurance programs. For many retirees it is their only avenue to purchase quality, affordable medical insurance coverage. While access to coverage will still be available in the 2012 calendar year, there can be no guarantees for the future, especially for the individuals who retire without being eligible for Medicare (generally those between the ages of 50 and 65).

RECOMMENDATION:

Staff is recommending that the Board take action to approve Option A for the next calendar year and approve the Retiree Medical and Dental Insurance Program Administrative Policy, effective January 1, 2012.

STAFF PRESENTER: Rod Nishi
I. INTRODUCTION

This policy sets forth the guidelines for the administration of the Retiree Medical and Dental Insurance Program. The program includes medical insurance and dental insurance, and subsidy/offset payments as authorized by the Governing Board of the Sacramento Employment and Training Agency (SETA) for calendar year 2012. This policy constitutes a component of the SETA’s Plan for Retiree Medical and Dental Insurance and is effective only for the calendar year 2012.

II. DISCLOSURE

This policy is effective solely for the calendar year 2012. It does not create any contractual, regulatory, or other vested entitlement to present or future retirees, their spouses, registered domestic partners, or dependents for medical and/or dental benefits, or subsidy/offset payments at any particular level, or at all.

The SETA reserves the right, in its sole discretion, to amend or terminate, in whole or in part, this Policy during its one-year term by Resolution of the SETA Governing Board.

III. MEDICAL INSURANCE COVERAGE

During the one-year term of this Policy, medical insurance coverage is offered through contracted health insurance carriers, as negotiated between the County of Sacramento and its recognized employee organizations. The County will endeavor to maintain a variety of health insurance coverage options for Annuitants but does not guarantee that any particular health insurance carrier, type, or level of coverage will be available to Annuitants, or that any coverage at all will be available to Annuitants.

Medical insurance coverage options for Annuitants living outside of the geographic boundaries of the HMO insurance plans offered to SETA Annuitants will be provided only to the extent that any such coverage option is available and offered by the health insurance carriers providing coverage to the SETA employees and Annuitants.
IV. DENTAL COVERAGE

Dental coverage is currently offered through Delta Dental. This program is separate and apart from the dental program offered to active employees. The SETA does not guarantee that any particular dental insurance carrier, type, or level of coverage will be available to Annuitants, or that any coverage at all will be available to Annuitants.

Eligible Annuitants and their dependents who enroll in or are currently participating in the Dental Plan must remain in the Dental Plan for a minimum of 12 consecutive months before being allowed to change coverage levels (by reducing dependent coverage) or waive dental coverage.

Newly eligible Annuitants must enroll within 30 days of notification of eligibility or he or she will be deemed to have waived coverage. Annuitants who enroll and then choose to terminate their participation before meeting the 12 month enrollment requirement will not be eligible to re-enroll in the Dental Plan. Annuitants that waive participation in the Dental Plan upon initial eligibility or waive coverage after 12 months of continuous enrollment will be eligible to re-enroll in the Dental Plan at the next open enrollment opportunity after a minimum 24 month period following the effective date of their termination from the Dental Plan.

If an eligible dependent is added to the Dental plan in the middle of a plan year as the result of a Qualified Status Change Event, both the Annuitant and the dependent must remain in the Dental Plan for a minimum of 12 consecutive months beginning on January 1 of the following plan year before any change in coverage is allowed.

A Qualified Status Change Event will not allow for a change out of the Dental Plan for the Annuitant unless the Annuitant has participated in the Dental plan for a minimum of 12 consecutive months. A Qualified Status Change Event that causes a loss of dependent status will allow for a reduction in the Annuitant’s dependent coverage under the Dental Plan without the 12 consecutive months requirement for the dependent.

V. ELIGIBILITY TO PURCHASE MEDICAL AND/OR DENTAL COVERAGE

Annuitants as defined in Section XIV are eligible to enroll in a retiree medical and/or dental insurance plan for 2012.
Eligibility for the SETA provided subsidy/offset shall be as determined in Section IX of this policy. An Annuitant must enroll in a medical and/or dental insurance plan within 30 days of notification of eligibility or he or she will be deemed to have waived coverage. A continuing beneficiary who is a spouse or a registered domestic partner or an eligible minor child or a Survivor, may elect to purchase a retiree medical and/or dental plan whether or not they were enrolled in the program at the time of the enrolled retiree’s or active member’s death.

As a condition of participation in the County sponsored plan, all Annuitants or Dependents that are eligible for Medicare Part A and/or B, or who subsequently become eligible to purchase Medicare Part A and/or B, must enroll in one of the County-sponsored medical plans that provides for assignment of, or coordination with, Medicare benefits. Annuitants or Dependents who are eligible for Medicare must purchase Medicare Part A and/or B (even if such purchase is subject to a penalty under applicable federal law in order to participate in the County Sponsored plan. Annuitants not eligible for Medicare Part A and/or B under Centers for Medicare and Medicaid Services (CMS) guidelines may participate in the plan only to the extent that they remain ineligible for Medicare and are responsible for any penalties assessed by the carrier.

For Annuitants who are eligible for Medicare, failure to purchase or maintain Medicare Part A or B when eligible, or to enroll in a plan that requires assignment of, or coordination with, Medicare shall be considered a waiver of SETA-sponsored coverage and coverage will terminate. For Dependents that are eligible for Medicare, failure to purchase or maintain Medicare Part A or B when eligible, or to enroll in a plan that requires assignment of, or coordination with, Medicare shall result in loss of eligibility and the Dependent shall be dropped from coverage. It is the participant’s responsibility to notify the Benefits Office of their eligibility and/or enrollment in Medicare. Any Medicare Part B late enrollment penalties as determined by CMS are the Annuitant’s responsibility.

Annuitants and Dependents with Medicare eligibility that are enrolled in County-sponsored medical plans shall keep their Part D benefits available for enrollment in or coordination with SETA-sponsored Medicare Part D coverage. An Annuitant or Dependent who is enrolled in a non-County prescription drug plan under Part D of Medicare may not be enrolled in any County-sponsored health benefit plan. Any Medicare Part D late enrollment penalties as determined by CMS are the Annuitant’s responsibility.

The Center for Medicare and Medicaid Services requires that all participants must provide a physical address and social security number for themselves and covered dependents.
VI. DEPENDENT ELIGIBILITY

Annuitants (including Survivors) may add newly acquired Dependents to their medical and/or dental insurance coverage within 30 days of a Qualified Status Change Event (e.g. marriage, adoption, domestic partner registration, loss of other coverage, etc.) or during any enrollment period specified in the sole discretion of the County.

VII. ELECTION PERIOD

An Annuitant who is eligible to enroll in a medical and/or dental insurance plan as provided in this policy must do so within 30 days from the date of notification of program eligibility. An otherwise eligible Annuitant who waives, or is deemed to have waived coverage under the program may enroll within 30 days of a Qualified Status Change Event, or during any enrollment period specified in the sole discretion of the County. Such enrollment shall be contingent upon the Annuitant presenting proof that is satisfactory to the County that the Annuitant has been continuously covered by another group health insurance plan or individual Medicare Advantage plan for a period of not less than 12 months with no break in coverage exceeding 63 calendar days immediately prior to the requested enrollment in a County-sponsored plan. The 12 month requirement will be deemed to be met if the coverage satisfies the requirements for creditable coverage under the Health Insurance Portability and Accountability Act of 1996.

Upon the death of an Annuitant or active employee, a continuing beneficiary who is a spouse or registered domestic partner or eligible minor child or a Survivor, will have 30 days to enroll in a medical and/or dental insurance plan. Failure to do so shall constitute a waiver of medical and/or dental insurance coverage.

VIII. EFFECTIVE DATE OF COVERAGE

Upon retirement or the occurrence of a Qualified Status Change Event, the effective date of medical and/or dental coverage shall be:

Upon retirement:
- the first day of the first month following the loss of active coverage providing:
  - Submission of retiree medical and/or dental forms occurs within 30 days of the loss of active coverage, and,
  - Payment for the first month of retiree coverage occurs within 60 days of the start of retiree coverage.

Failure to submit medical and/or dental forms within 30 days of the loss of active coverage shall constitute a waiver of medical and/or dental coverage.

Premium balances if owed by an Annuitant for the initial period of Retiree coverage must be paid within 60 days of the coverage effective date, or coverage will be dropped retroactively to the last date of paid coverage.
Upon the occurrence of a Qualified Status Change Event:

The first day of the month coincident with or next following submission of medical and/or dental enrollment forms. Note: Final effective dates for Medicare plans are determined by the Center for Medicare and Medicaid Services.

If an Annuitant enrolls during an open enrollment period, the effective date of medical and/or dental coverage shall be the date specified by the County in connection with that open enrollment period.

IX. ELIGIBILITY FOR SUBSIDY/OFFSET PAYMENTS

The Annuitants eligible to receive a SETA paid medical or dental insurance offset payment during calendar year 2012 retired for any reason on or before August 31, 2007

X. AMOUNT OF SUBSIDY/OFFSET PAYMENT

The amount of any medical subsidy/offset payment made available to Annuitants shall be calculated based on the Annuitant’s SCERS service credit. For purposes of this section, “SCERS service credit” shall be the amount of service credit established by SCERS as the basis of payment for the Annuitant’s pension benefit.

Neither SCERS nor the SETA guarantees that a subsidy/offset payment will be made available to Annuitants for the purchase of County sponsored medical and/or dental insurance. Subsidy/offset payments are not a vested benefit of SETA employment or SCERS membership.

The amount of subsidy/offset payment, if any, payable on account of enrollment in a County sponsored retiree medical and/or dental insurance plan, shall be established within the sole discretion of the SETA Governing Board. For calendar year 2012, the amount of subsidy/offset payments are as follows:

<table>
<thead>
<tr>
<th>Years of SCERS service credit</th>
<th>Amount of subsidy/offset payment if retired on or before 8/31/07</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 10 years</td>
<td>$ 72</td>
</tr>
<tr>
<td>10 years but less than 15 years</td>
<td>$ 90</td>
</tr>
<tr>
<td>15 years but less than 20 years</td>
<td>$ 108</td>
</tr>
<tr>
<td>20 years but less than 25 years</td>
<td>$ 126</td>
</tr>
<tr>
<td>25 years or more</td>
<td>$ 144</td>
</tr>
<tr>

<td>$ 0</td>
</tr>
</tbody>
</table>
XI. APPLICATION OF THE MEDICAL AND/OR DENTAL SUBSIDY/OFFSET

Subsidy/offset payments, when made available, will be applied to the total premium cost incurred by an Annuitant for medical and/or dental insurance purchased through a County-sponsored plan. If the subsidy/offset payment amount exceeds the cost of the single party premium, the balance will be used to reduce the cost of dependent coverage, if applicable. If there is no dependent coverage, the amount of the subsidy/offset payment otherwise available to the Annuitant shall be limited to the actual amount necessary to pay the cost of the single party premium.

Subsidy/offset payments may only be applied to the coverage for which they are provided. A medical subsidy/offset may not be applied to dental coverage premiums. In no event shall an Annuitant receive a cash payment for any portion of a subsidy/offset payment that is not used to pay for the Annuitant’s coverage through a County-sponsored medical or dental insurance plan. The subsidy/offset payment shall not be used to purchase coverage outside of a County-sponsored plan.

The amount of subsidy/offset, if any, that is used to pay for coverage of a registered domestic partner, dependent(s) of a registered domestic partner, and/or other covered dependent who do not meet the definition of “dependent” as defined in IRC §105, shall be subject to federal tax withholding based on the imputed income value of the benefit provided.

XII. PREMIUM BALANCE PAYABLE

If an Annuitant’s medical or dental insurance premium is greater than the sum of the Annuitant’s monthly retirement allowance plus any subsidy/offset payment provided by the SETA, the Annuitant shall be responsible for keeping premium payments current. Premium balances owed by an Annuitant must be paid within 60 days of the coverage effective date, or coverage will be dropped the first of the month following the 60 day period, retroactively to the last date of paid coverage. An Annuitant that is dropped from coverage for non-payment of premium shall not be permitted back into the program at a later date.

XIII. WAIVER OF COVERAGE

An Annuitant may waive medical coverage under the Retiree Health Insurance Program at any time by withdrawing from coverage and signing a “Waiver of Coverage” form. Any subsidy/offset payment will end if coverage is waived. Annuitants who waive medical coverage in this manner during 2011, who have previously waived medical coverage, or who are deemed to have waived medical coverage for any reason (except for non-payment of premium as set forth in Section XII above), shall be permitted to enroll in County sponsored retiree medical coverage within 30 days of a Qualified Status Change Event or during
any enrollment period specified in the sole discretion of the County, subject to all
terms and conditions set forth in this policy (including proof of continuous
coverage as described in Section VII), provided such coverage is being offered to
similarly situated Annuitants by the County at the time coverage under the re-
enrollment request is to become effective. Similarly, eligibility for a subsidy/offset
payment shall be restored provided that the SETA is providing subsidy/offset
payments to similarly situated Annuitants at the time of the re-enrollment request.

Annuitants who waive dental coverage in this manner during 2011, who have
previously waived dental coverage, or who are deemed to have waived dental
coverage for any reason (except for non-payment of premium as set forth in
Section XII above), shall be permitted to enroll in County sponsored retiree
dental coverage within 30 days of a Qualified Status Change Event, or during
any enrollment period specified in the sole discretion of the County, provided
they have not been a participant in the Dental plan for a minimum of 24
consecutive months.

XIV. DEFINITIONS

**Annuitant** is a retiree, as defined; or is a survivor, or beneficiary who receives a
monthly retirement allowance from SCERS. An individual receiving a monthly
retirement allowance from SCERS solely as the result of a divorce settlement
agreement is not an Annuitant for purposes of this policy or eligibility for
participation in the Retiree Health Insurance Program.

**Beneficiary** is an individual named as a beneficiary receiving a monthly
retirement allowance as a result of the death of a Retiree. For purposes of this
policy, a beneficiary is a spouse or a registered domestic partner or minor child.

**Deferred Member** is a SCERS participant who leaves SETA employment and
leaves their retirement contributions on deposit with SCERS as permitted by
SCERS rules and regulations.

**Dependent** for purposes of this policy shall be an Annuitant’s spouse or
registered domestic partner and unmarried children (natural, step, adopted, legal
guardianship and/or foster) including children of a registered domestic partner,
who are under 26 years of age, and do not have access to other group coverage
other than through a parent. Children who are at least 19 years of age and under
24 years of age and attending school as a full-time student in an accredited
secondary school, college or university may also be covered. Verification of full-
time student status will be needed for each semester or quarter and must be
submitted to the Employee Benefits Office. Medical and Dental eligibility will be
extended through a summer break if the student was enrolled full-time and
completed the preceding school term, and will be attending school in the next
available term.
Qualified Status Change Event shall have the same meaning as defined in Section §125 of the Internal Revenue Code and shall also include events affecting the coverage or eligibility of a registered domestic partner or the dependent(s) of a registered domestic partner. Examples of qualified status change events include: marriage or divorce, registration or dissolution of a domestic partnership, birth, adoption, change of residence affecting health plan eligibility, or a dependent ceasing to be a dependent due to age limitations. This list is intended to be illustrative and is not exhaustive.

Registered Domestic Partner shall have the same meaning as set forth in Section §297 of the California Family Code.

Retiree is a SCERS member who has met eligibility requirements and has received a service retirement or disability retirement.

TIMED ITEM 10:00 A.M. AND PUBLIC HEARING: APPROVAL OF NEW CLASSIFICATIONS OF WORKFORCE SYSTEM ANALYST AND WORKFORCE SYSTEM ADMINISTRATOR AND RELATED SALARY RANGES

BACKGROUND:

In October, 2010 SETA implemented a new web based system that provides services to job seekers and employers. This new system, referred to as SacWorks (jobs.sacworks.org) includes:

- Client skill profiling,
- Electronic resume creation and publication,
- Job matching (posted jobs to customer skills),
- Automatic job match notifications, employer job postings, employer candidate identification,
- Nightly job "spidering" (crawling the web looking for new job postings),
- Client tracking of services, activities, and outcomes, and
- Reporting capabilities

This system is truly a virtual customer system allowing job seekers and employers to search for jobs and candidates from their home or place of business.

This system requires dedicated resources to set-up and oversee the process. SETA staff and business partners must be properly enabled in the system, grants and programs must be properly set-up, usage processes and procedures need to be defined, staff and clients must be trained, data input errors need to be corrected and new system enhancements must be reviewed and tested. In addition, this system presents a new environment from which reporting is developed. SETA employment coaches utilize this new system for case notes and development of an individual employment plan.

The System Administrator and System Analyst job specifications define the skills, interests, and abilities for the position and the required responsibilities and activities of the classification. These positions will report directly to the Information Technology Department, Chief with functional responsibility to the Deputy Director, Workforce Development.

ITEM III-A – 4 - ACTION

TIMED ITEM 10:00 A.M. AND PUBLIC HEARING: APPROVAL OF CLASSIFICATIONS OF CHILDREN AND FAMILY SERVICES EDUCATION PROGRAM OFFICER, CHILDREN AND FAMILY SERVICES SUPPORT SERVICES PROGRAM OFFICER, CHILDREN AND FAMILY SERVICES ADMINISTRATIVE PROGRAM OFFICER, WORKFORCE DEVELOPMENT ANALYTICAL PROGRAM OFFICER, WORKFORCE DEVELOPMENT OPERATIONAL PROGRAM OFFICER, AND THE RELATED SALARY RANGES

BACKGROUND:

The Agency Executive Director is proposing the establishment of five new classifications. The work to be assigned to these classifications was previously assigned to the Program Officer classification. The specification language of the Program Officer classification does not sufficiently focus upon the duties and responsibilities needed in the Agency. The proposed new classifications have more narrowly drawn specifications that will allow selection criteria to be specific to the referenced work and provide for a more efficient selection and appointment process.

CHILDREN AND FAMILY SERVICES EDUCATION PROGRAM OFFICER

The establishment of the CFS Education Program Officer is in response to new federal regulations for Head Start:

*CFR TITLE 42 > CHAPTER 105 > SUBCHAPTER II > § 9843a*

Staff qualifications and development

(B) Additional staff

The Secretary shall ensure that, not later than September 30, 2013, all—

(i) Head Start education coordinators, including those that serve as curriculum specialists, nationwide in center-based programs—

(I) have the capacity to offer assistance to other teachers in the implementation and adaptation of curricula to the group and individual needs of children in a Head Start classroom; and

(II) Have—

(aa) a baccalaureate or advanced degree in early childhood education; or

(bb) a baccalaureate or advanced degree and coursework equivalent to a major relating to early childhood education, with experience teaching preschool-age children;

Four of the seven Program Officers assigned to the Children and Family Services Department serve as the education coordinators for the SETA Operated Program. They must have BA degrees in accordance with the mandate outlined above. The work of these Program Officers is specialized and the Agency cannot effectively recruit for candidates in the current general Program Officer specification.

STAFF PRESENTER: Rod Nishi
CHILDREN AND FAMILY SERVICES SUPPORT SERVICES PROGRAM OFFICER

Two of the seven CFS Program Officer positions are assigned to provide supervision, coordination, and oversight for the Family Services Workers (FSW) and the functions they perform. This includes the provision of non-educational direct services and support services to children and families in Head Start programs. The incumbents are expected to be highly knowledgeable of CFS policies, social service principles and general Head Start operations. Recruiting with the current general Program Officer specification is difficult and this new classification will assist with successful recruitment.

CHILDREN AND FAMILY SERVICES ADMINISTRATIVE PROGRAM OFFICER

This CFS position is assigned to coordinate the development and oversee the administration of the Head Start and Early Head Start Basic Grant. This work requires broad and extensive work experience in the development and administration of social service/child development, and training in Grant Administration.

WORKFORCE DEVELOPMENT ANALYTICAL PROGRAM OFFICER

The proposed Workforce Development Analytical Program Officer will oversee, coordinate, and supervise the general administration of assigned multiple or highly impactful analytical functions. This Program Officer may be responsible for units staffed primarily by either Workforce Development Analysts or Workforce Development Professionals. The proposed Program Officer may be responsible for programs or activities involving multiple sites or multiple analytical functions; or the establishment and administration of tracking and reporting systems. The proposed classification requires broad and extensive work experience in the development and administration of workforce development programs. The classification is for a seasoned workforce development administrator and not a generalist, which is the concept of the existing Program Officer classification.

WORKFORCE DEVELOPMENT OPERATIONAL PROGRAM OFFICER

The Workforce Development Operational Program Officer will direct and coordinate integrated service delivery systems, supervise and oversee a highly impactful Career Center site or multiple Career Center sites. The central purpose

STAFF PRESENTER: Rod Nishi
of this Program Officer classification is to supervise the line work of an impactful Career Center for the Workforce Development Department. This is specialized work which requires a specialize classification to describe it.

These positions would be placed in the Supervisory bargaining unit.

APPROVAL TO REALLOCATE THE ACCOUNTING TECHNICIAN TO PROGRAM ANALYST

BACKGROUND:

In April 2011, the Governing Board took action to reallocate six (6) incumbents of the Accounting Technician classification. The one remaining Accounting Technician incumbent works in the Children and Family Services (CFS) Department. The previous item, if approved by the board, creates the job description of duties and responsibilities for the Accounting Technician working within the CFS Department.

Financial Impact: $0

RECOMMENDATION:

Approve the reallocation of Desiree Guerra, Accounting Technician to Program Analyst.

ITEM III-A – 9 - ACTION

APPROVAL TO REALLOCATE A HEAD START EDUCATION SPECIALIST TO HEAD START EDUCATION SPECIALIST SUPERVISOR

BACKGROUND:

In 2009, the Agency successfully submitted a grant application under the American Recovery and Reinvestment Act for Early Head Start Expansion funding. This allowed for expansion in the SETA Head Start/Early Head Start program. At that time, it was unknown whether this expansion would continue or be a one-time temporary increase. It is now known that this expansion is an on-going increase.

In early 2010, a temporary assignment of higher duties for a Head Start Education Specialist was made to supervise the Home Visitors that serve Early Head Start children and families.

The Executive Director is proposing that the temporary assignment become on-going by reallocating the temporarily assigned employee to a Head Start Education Specialist Supervisor position.

The Agency and the Union met and have come to an agreement regarding this item.

RECOMMENDATION:

Approve the reallocation of Dettie MacCracken, Head Start Education Specialist, to Head Start Education Specialist Supervisor.

ITEM III-A – 10 - ACTION

TIMED ITEM 10:00 A.M. AND PUBLIC HEARING: APPROVAL OF NEW CLASSIFICATION OF FAMILY SERVICES WORKER AND RELATED SALARY RANGES

BACKGROUND:

The Agency first established the job classification of Head Start Family Services Worker (FSW) in June of 1990. The proposed Family Services Worker is a deep class which uses the current Head Start Family Services Worker as the foundation and identifies two additional gradations of work. The additions are identified as Range 2 and Range 3.

The gradations are necessary to recognize the complexity of the work of the FSW created by a combination of caseload and the sophistication of the data entry.

Movement between the Ranges is to be predicated upon three factors, all of which must be in place for the advancement of an individual from one range to the next, as well as the Agency recognizing the need for the number in each Range:

The first required factor relates to the assignment itself. The Alternative Range Criteria delineates specific work that must be included for each identified range.

Second, the individual must demonstrate competence in the skills sets required by the Knowleges and Abilities identified for the level in the specification. This is done through success in a skill set assessment battery which has been developed through a skills assessment project under the auspices of California State University. This is the assessment system currently used for Workforce Development deep classes.

Finally, the individual must earn the requisite points for advancement in a readiness evaluation completed by the supervisor and based upon observable work behaviors.

It is the FSW who is responsible for ensuring that parents and families are engaged and involved in the Head Start opportunities. They are in the communities touting the rewards of the program and recruit and enroll children and families to keep classrooms at capacity. Other duties are to plan and implement the parent(s) involvement activities and facilitate monthly meetings.

Recognizing the proven tenet that parents are the most important link in affecting their child’s outcome, it is the FSW who works with classroom teachers and the families to create that link for success.

STAFF PRESENTER: Rod Nishi
This position would be placed in the Head Start bargaining unit.

ITEM III-B – 2 - ACTION

APPROVAL TO RELEASE A REQUEST FOR PROPOSALS (RFP) FOR OFFICE AND CLASSROOM SPACE FOR THE GALT ONE-STOP CAREER CENTER

BACKGROUND:

The Sacramento Employment and Training Agency (SETA) opened a One-Stop Career Center located in the Valley Oaks Shopping Center, 1000 C Street, Suite 100, in Galt, CA in December of 1998. The center is approximately 4,000 square feet of office and classroom space.

When the lease expired in November of 2003, the Governing Board approved renewal of the lease for an additional five years under the “Option to Renew” clause. At the time of the expiration of this renewal in November 2006, SETA had the Governing Board approve a lease for an additional three years since, at the time, SETA was collaborating with the Department of Human Assistance to share office space with them in a building they were having built. This three-year extension expires on November 30, 2011.

Since the Department of Human Assistance is no longer having a new office building built and SETA has already exercise the Option to Renew of the original lease, it is again necessary to go out with a Request for Proposals for office and classroom space. The RFP and map showing the boundaries (attached), as well as a copy of SETA’s lease agreement will be sent out to an extensive list of Brokers for response.

The boundaries denoted in the RFP are Twin Cities Road on the North, San Joaquin County/Sacramento County line on the South, Marengo Road on the East and Christensen Road on the West. Upon approval by the Governing Board, the RFP will be released August 4, 2011 with a due date of August 26, 2011.

RECOMMENDATION:

Approve the release of a Request for Proposals for approximately 4,000 sq. ft. of office and classroom space in the Galt area.

BACKGROUND:

Since 2003, SETA has maintained an American Express (AMEX) Corporate Account used for travel, online payments, and miscellaneous purchases. The AMEX account has allowed staff to more timely pay invoices and reduced the volume of transactions that flow through the County Department of Finance.

In January, 2010 SETA added the Membership Rewards program to its AMEX account, which allows SETA to accrue one point for every dollar charged on its AMEX account. In January, 2011 the SETA Governing Board approved the implementation of the American Express Corporate Account Policy and Procedure. The Board approved the use of the AMEX points to defray Agency travel and other costs, provide supportive services and incentives to enrolled customers, and provide employee recognition, board recognition and morale building activities under the existing approved Board policy.

Attached for your information is the first report on the American Express Corporate Account Rewards Points Program for the fiscal year ending June 30, 2011.

Staff will be available to answer questions.

ITEM IV-C -INFORMATION

WORKFORCE INVESTMENT ACT REAUTHORIZATION UPDATE

BACKGROUND:

In 1998, Congress passed the Workforce Investment Act (WIA) as the largest single source of federal funding for workforce development activities. WIA created a universal access system of one-stop career centers, which provides access to training and employment services for a range of workers, including low-income adults, low-income youth, and dislocated workers.

As part of the American Recovery and Reinvestment Act of 2009, Congress made substantial, badly-needed new investments in WIA. As Congress looks to reauthorize WIA in 2012 it will be an opportunity to help ensure that workers receive the services and supports they need to go back to work. In June, 2011, the Senate Health, Education, Labor and Pensions (HELP) Committee release a discussion draft of the proposed Workforce Investment Act Reauthorization and Congressman Buck McKeon introduced the Workforce Investment Improvement Act to the House of Representatives. Both bills seek to:

(1) increase for individuals, particularly those with barriers to employment, access to and opportunities for employment, education, training, and supportive services;
(2) support the alignment of the workforce investment, education, and economic development systems;
(3) improve the quality and relevance of workforce investment, education, and economic development efforts to provide workers with the skills and credentials they need to get and keep decent jobs, and to provide employers with the skilled workforce they need to succeed in the global economy;
(4) improve the delivery of services through the workforce development system for workers and employers; and
(5) increase the prosperity of workers and employers, the economic growth of communities, regions, and states, and the global competitiveness of the United States.

Staff will provide summaries of the bills and updates on the Reauthorization process to the Board. Updates on the WIA Reauthorization can be found at:

ITEM IV– D - INFORMATION

NEW AND PENDING GRANTS

BACKGROUND:

The purpose of this item is to update the board on the status of efforts to increase the grant funding received in the region to promote workforce development programs and provide board members the opportunity to discuss the types of services and training programs and the targeted populations for training. In the last quarter of the 2010-2011 fiscal year the following grants were received by SETA/Sacramento Works. For more information on these programs, contact the Workforce Development Department Deputy Director, Managers, or Program Officer.

♦ $600,000 – Employment Development Department Green Innovations grant to augment the Clean Energy Workforce Training Pre-apprenticeship Initiative.
♦ $300,000 – California Energy Commission and Employment Development Department to increase on-the-job-training opportunities for employers in the clean energy sector.
♦ $1,875,000 - National Emergency Grant (NEG) focusing on Classroom Training, On-the-Job Training and Supportive Services for dislocated workers
♦ $3,700,000 - One Stop Share of Cost contract with Sacramento County Department of Human Assistance targeting services to CalWORKs recipients
♦ $490,000 - Governor’s Gang Reduction Intervention and Prevention Initiative (CalGRIP) targeting high risk youthful offenders

♦ $862,236 - U.S. Department of Health and Human Services, Administration for Children and Families, Office of Refugee Resettlement (ORR) to increase identification and protection of human trafficking victims in the U.S. and to increase public awareness about human trafficking through Rescue & Restore Regional Programs

STAFF PRESENTER: Robin Purdy
In the last quarter of the 2010-2011 fiscal year the following grants were submitted by SETA and/or regional partners.

Disability Employment Initiative Grant – Applicant Agency: State of California EDD

The State of California, Employment Development Department (EDD) submitted a single state application to DOL on behalf of the State of California. If funded, EDD will allocate funds to participating Local Workforce Investment Areas (LWIAs), including Sacramento, to improve the educational, training, and employment opportunities and outcomes of individuals with disabilities through the public workforce system. SETA would receive approximately $847,000 over a three-year period to provide services to individuals with disabilities residing in Sacramento County. SETA’s project proposal identifies three strategies: 1) Integrating Resources and Services, Blending and Braiding Funds, Leveraging Resources; 2) Customized Training; and 3) Asset Development.

Victims of Trafficking – Applicant Agency: SETA

SETA is proposing to collaborate with the partners of the Rescue and Restore Program, as well as with other local service organizations committed to combating human trafficking to submit an application seeking up to $400,000 in U.S. Department of Justice, Office for Victims of Crime (OVC) Services for Victims of Human Trafficking grant funds for a two year (24 month) project period.

Jobs Innovation Challenge Grant – Applicant Agency: Sacramento Metropolitan Chamber of Commerce.

The Sacramento Health Care and Biosciences Jobs and Innovation Accelerator Project proposes an integrated approach to addressing the development needs of the Health Care and Biosciences industry cluster in the Greater Sacramento Metropolitan Region. The Project will harness the substantial research and commercial activity in the cluster’s medical technology sector to accelerate commercialization of innovative new medical devices and technologies and to grow jobs throughout the cluster. Through a partnership with the Sacramento Area Regional Technology Alliance (SARTA), it will

STAFF PRESENTER: Robin Purdy
incubate start-up, and support development of new business lines, within established MedTech companies. The region’s Metro Pulse partnership, managed by the Metro Chamber, will address the development needs of companies in the MedTech sector’s supply chain, as well as those companies that consume MedTech products. A third partnership with the Los Rios Community College District (Los Rios), California State University, Sacramento, and the Sacramento Employment and Training Agency (SETA) will ensure an appropriately trained and skilled local labor pool to support the cluster’s workforce needs as its innovation and job growth activities accelerate. The region is requesting $2,000,000 for the project.

Green Innovation Challenge Grant – Applicant Agency: Center for Employment Training.

Sacramento Center for Employment & Training (CET) received $854,000 in grant funding through the U.S. Department of Labor's Green Jobs Innovation Fund. CET will train 150 workers in Sacramento for green jobs in partnership with the Sacramento Works One Stop Career Center. The funding will continue programs that were originally funded by SETA/Sacramento Works in 2009 with American Recovery and Reinvestment Act to train workers as solar thermal systems installers, weatherization and retrofitting technicians, and HVAC maintenance repairers. The Green Innovation Fund grant will allow CET to continue to build upon the success of these three programs, and enable the program to ready more workers for a green jobs economy.

CDP is "Census Designated Place" - a recognized community that was unincorporated at the time of the 2000 Census.

**Notes:**
1) Data may not add due to rounding. All unemployment rates shown are calculated on unrounded data.
2) These data are not seasonally adjusted.

**Methodology:**
Monthly city and CDP labor force data are derived by multiplying current estimates of county employment and unemployment by the employment and unemployment shares (ratios) of...

Each city and CDP at the time of the 2000 Census. Ratios for cities of 25,000 or more persons were developed from special tabulations based on household population only from the Bureau of Labor Statistics. For smaller cities and CDP, ratios were calculated from published census data.

City and CDP unrounded employment and unemployment are summed to get the labor force. The unemployment rate is calculated by dividing unemployment by the labor force. Then the labor force, employment, and unemployment are rounded.

This method assumes that the rates of change in employment and unemployment, since 2000, are exactly the same in each city and CDP as at the county level (i.e., that the shares are still accurate). If this assumption is not true for a specific city or CDP, then the estimates for that area may not represent the current economic conditions. Since this assumption is untested, caution should be employed when using these data.

J. Community Partnerships Advisory Committee (CPAC): No report.
K. Maternal, Child and Adolescent Health Advisory Board: Ms. Rebecca Lewis reported that the committee met on Tuesday, May 10. Her application was accepted/approved so she is now officially on the board. It was an emotional meeting since the Dr. Glennah Trochet announced her resignation effective September 9. She spoke of budget cuts amounting to $250,000; no staff will be laid off. There is tuberculosis in the African American and Hmong communities. It is West Nile season but there are no reports of infected mosquito pools to date. There is a 5K walk/run fundraiser for the Black Infant Health program on June 18. Cuts in the San Juan Unified School District resulted in the closure of Edison Middle School. At the beginning of the next school year, six through eighth graders will be going to Encina High School. This is not good since Encina has issues with gang activities and drugs. Child Action has lost 50% of their funding due to the passage of SB70. The next meeting will be the second Tuesday in September.

Community Action Board: Ms. Lisa Daniels reported that the CAB has met twice this year. The next meeting is May 31 at 10:00 a.m. The CAB received community input on the needs in the community, which was utilized to develop the Community Action Plan.

VI. Other Reports (continued)

C. Head Start Deputy Director’s Report: Ms. Brenda Campos stated that SETA has a grant with the California Department of Education; there could be a possible 10% reduction in the grant. Staff will keep the board posted as to the funding of this grant. Staff received a letter from the Office of Head Start regarding triennial review. Two of the findings were sustained. The first finding was how the in-kind was reported. Mr. Bartlett and his staff have responded to the finding. Staff have met with delegate agencies and partners to ensure the documentation is corrected.

The second finding was regarding the lead screens for children. Staff need to work closely with parents to ensure lead screening is done. The Agency has 120 days to correct the finding; staff had conference call with the program specialist who will be coming out in mid-September to see that the issues have been addressed. The one finding that was not sustained was the track system; this will allow for Head Start services to be provided year round.

The SETA Head Start program must comply with the USDA food program guidelines. The SETA-operated program and WCIC are currently undergoing the CACFP triennial review. The reviewers will be looking at the kitchens, the classrooms, and at the food to ensure that the temperature is correctly taken.

There was discussion earlier in the year that the center at Walnut Grove would be closed and a home base option would be offered since it was difficult having full enrollment. After further discussion with parents, staff have reevaluated and
it was decided to offer a class with 20 children for the next year and take it from there. Ultimately, the goal is to move to a room at the elementary school instead of the community center.

Lastly, staff is waiting to hear whether the expansion grant was funded. If funded, the Agency will continue to receive $3.2 million of expansion funds.

Ms. Brown asked if the in-kind form had been redone and Mr. Bartlett replied that there is a countywide form being discussed and is in the works.

Ms. Brown asked if the SOP center hours were still going to be cut and Ms. Campos stated that staff is not yet sure; the issue is still under discussion. The Walnut Grove center offers a part-day program for 20 students.

Ms. Brown stated that this came about because a PAC representative advocated for the Walnut Grove site. Advocacy works. Ms. Laura Meza on the PAC worked with the staff to ensure that the Walnut Grove class continues to stay open. There may be a modified full day program for the migrant workers in Walnut Grove.

Mr. Goodwin stated that he went with the monitors to visit the kitchen; the kitchen staff is very knowledgeable. The kitchen was spotless and the kitchen staff deserve kudos. Ms. Campos thanked Mr. Goodwin and stated that the kitchen staff are the unsung heroes of the program.

D. Chair’s Report: Ms. St. Mary distributed a copy of the roster and asked board members to make sure their contact information is correct.

E. Head Start Managers’ Reports: Ms. Brenda Campos provided an update on program services to the delegates. On August 31, all Head Start programs have to reply to a PIR regarding enrollment stats, ethnicity, education level of parents, education level of staff, health stats, and a wide variety of questions. The Office of Head Start uses this information to determine funding. Staff is gearing up to do the report. The delegate staff will be coming to the SETA offices for training on how to fill out the PIR. Part of the T/TA is to ensure the delegates are on the same page as the delegate. Within the next two months, staff will be looking at what support is needed for the delegates.

Ms. Karen Gonzales: Another area of the report focused on class observations and the effectiveness of teaching in the classroom. The data came back reporting that SETA as much higher than the national level, especially on feedback. This will continue to improve teacher interactions. Another area of reporting is with California Department of Education; the Early Childhood Environment rating scales is required annually and due June 1. Staff is making plans to improve on whatever needs to be improved on. If the funding changes, staff will be looking at how to restore services.
Ms. Daniels asked when the next Early Childhood Environment Rating Scale evaluation would be done. Ms. Gonzales stated that the evaluation for the SETA-operated program is going on right now; it is usually done in the spring.

Ms. Lisa Carr: Ms. Carr thanked Ms. Rebecca Lewis for her very thorough report on the Maternal, Child and Adolescent Health Advisory Board meeting. Ms. Carr reminded the board of an upcoming series of parenting trainings to be held in conjunction with the Child Abuse Council. Dinner and child care is provided. Ms. Carr distributed flyers. The next trainings are scheduled for June 28, July 26, and August 23. The Child Abuse Council will be doing the trainings. Ms. Athena Douglass is the staff member that set up the trainings.

E. Open Discussion and Comments: Ms. Brown reported that she also toured the central kitchen and it really is amazing. The kitchen staff spoke about how they deal with special diets for children. The parents are always shocked when the children go to kindergarten and the children do not get special diets. The cook/drivers have a LOT of work and it is really amazing how much they do.

III. Action Items (continued)

B. CLOSED SESSION PERSONNEL- PURSUANT TO GOVERNMENT CODE SECTION 54957

The board went into closed session at 10:20 a.m. Ms. St. Mary called the meeting back to order at 10:47 a.m. and reported out of closed session that the Policy Council approved the Eligibility List for Associate Teacher/Infant Toddler

F. Public Participation: No comments.

VII. Adjournment: The meeting was adjourned at 10:50 a.m.

**Family Partnership Update:**

Over 30 parents attended a workshop hosted by the Child Abuse Council of Sacramento. This two-hour presentation explored the impact of violence on children with a question and answer session after the main presentation. There were many questions, and parents were very receptive and surprised at some of the effects of violence on children. This workshop also explored the effect of TV violence on children, and the importance of monitoring for content, what children watched.

Family Service Workers have been in overdrive working to enroll new families into the Head Start program. In addition, they have attended many community events, staffing tables to ensure that all who need to know about Seta’s services are made aware. Last month, both Workforce Development and Head Start were at the Pops in the Park sponsored by Councilwoman Bonnie Pannell. Participants were able to obtain information about both Head Start and the SacWorks Career Centers. Staff will be out again in July for the next event.

**Education Update:**

The summer months have been filled with many quality improvement activities. SETA trained the education leadership team on the Early Language and Literacy Classroom Observation tool (ELLCO). Through the use of mentor coaches, centers will be assessed using this tool over the next two months. Data will be used at classroom level to provide feedback to teachers on how to improve literacy skills for young children. At the program level, data will be used to help improve the effectiveness and implementation of the *Houghton Mifflin* supplementary curriculum.

In addition, both preschool and toddler classrooms have also been assessed using Environmental rating scales (ECERS/ITERS). We are proud to report that the scores for this
year show a significant gain in the level of quality classrooms and interactions. Final reports will be provided in the coming months.

The curriculum for these last important months before kindergarten is providing activities with an increased focus on school readiness skills. Many centers are also hosting their End-of-Year Celebrations to honor the children and their families as they transition from Head Start to the K-12 system.

Elk GroveUnified School District

Education Services Update:

Liz Aguilar, Education Area Expert from the Sacramento Employment and Training Agency (SETA), and Judy Ellis-O’Mealey, Education Area Expert from San Juan Unified School District, provided two days of professional development in the Classroom Assessment Scoring System (CLASS) for teachers on a modified traditional track schedule. CLASS has been adopted by the Federal Government as the observational instrument they will use for assessing classroom quality in preschool classrooms. CLASS focuses on interactions between teachers and students. It is based on developmental theory and research suggesting that interactions between students and adults are the primary mechanism of student development and learning. EGUSD teachers watched vignettes of teachers and students in preschool classrooms, discussed what they saw, and learned how to evaluate the interactions as being low, middle, or high in the areas of emotional support, classroom organization, and instructional support.

Teachers on a traditional track were provided with CLASS training on April 26 and 27.

The Head Start classes at the seven sites on a modified traditional calendar have successfully completed the school year.

Recruitment:

Registrations and certification appointments for the 2011-2012 school year are taking place in each of EGUSD’s three regions. Region I, which includes John Reith Elementary, Herman Leimbach Elementary, Charles Mack Elementary, Union House Elementary and Prairie Elementary Schools, has 265 students certified for PreK. Region II, which includes Florin Elementary, Isabelle Jackson Elementary, William Daylor High, and Samuel Kennedy Elementary Schools, has 259 families certified for PreK. Region III, which includes Barbara Comstock Morse Elementary, Maelola Beitzel Elementary, David Reese Elementary, Franklin Elementary, Florence Markofer Elementary, and James McKee Elementary schools has 317 students certified for PreK. Currently there are 841 students certified, which is 90% of the number needed for full enrollment. Certification dates have been created for the month of July to certify the remaining 10% of students needed for full enrollment.
Sacramento City Unified School District

Education and Child Development Update:

School Readiness - In June, about 2000 preschool students, including those in SCUSD’s home-based program, received a school readiness/transition materials package. These materials included a pencil box, pencil, eraser, pencil sharpener, crayons, glue, colored pencils, construction paper, writing journal, watercolor paints, and ruler. The classroom teachers presented the materials to their students to use over the summer and prepare for kindergarten in the fall.

Staff Development - On June 3rd the Children’s Center Teachers received training from the California Preschool Instructional Network (CPIN) on “Introducing Letter Knowledge To Preschoolers: Why and How.” Staff received strategies for the best way to share alphabet knowledge with preschoolers and how to support children with fun, naturalistic activities. This workshop was very informative and well received.

Health Update:

PIR Updates - The new nurses have been very busy preparing the PIR and screening children for September enrollment. During the review of the PIR data, it was found that there was 100% success rate on preventative dental care due to the Smile Keepers Program visiting every school to apply fluoride dental varnish for the children.

Training and Parent Workshops - Lisa Stevens attended the Food for Thought Training and obtained many resources about nutrition for parent and classroom education. Lisa also concluded the first Cooking Matters Parent Workshops at Cap City and Hiram Johnson. There was much interest from the parents to have classes during the summer or doing the workshops again during the school year.

Lead Results - Currently SCUSD is working on obtaining lead results for all returning children in addition to children who are screened.

EHS & Home Base Update:

Staff Development - Early Head Start Center-based staff attended post-service staff development on June 20. The topic, “Using Environmental Strategies to Promote Positive Social Interactions” was presented in an interactive way and was well received by staff.

Summer Home Visits - Center-based Early Head Start families are now in the process of receiving five summer home visits from their teachers. The focus of this summer’s visits is “Maximizing Your Baby’s Brain Development.”

San Juan Unified School District

Education Services Update:

The staff calendar is in production. SJUSD has included many face pages to guide teachers through the year on topics such as the integrated curricula, cultural competence, and dual
language learners. Pacing guides for language and literacy and math are included in the calendar.

**Disabilities Services Update:**

The registration and screening process began in June for children re-registering and newly enrolling into programs for the fall. The screening team received a refresher course/training and were up and ready to go along with a newly stocked screening room. The Care Management team has managed all the files of children who have come through screening for the month of June. Referrals have been created for children needing them to take place as soon as school begins in August. The Disabilities Specialist is also in the midst of purging and storing all the IEPs that have been turned in from teachers completing their 2010-2011 school year paperwork. Outgoing children’s IEPs will be put in the proper storage and returning children’s IEPs will be prepared and organized for next year.

**Mental Health Services Update:**

The Mental Health Therapist provided support to the Kindergarten Readiness summer program. Kinder-bound students are given social/emotional tools to begin school in the fall. As parents begin the screening process for fall enrollment, families/children with identified needs are contacted by the MHT for necessary mental health services and follow-up intervention.

**Nutrition Services Update:**

SJUSD is pleased to announce that 13 teachers applied for the recent Western Growers Foundation garden grant! Hopefully, they will receive good news as they return for the next school year. The new ChooseMyPlate.gov posters are being laminated and will be available to the teachers at the fall staff training in August.

**Health Services Update:**

Health staff continues to follow up with children needing dental care from the second round of dental screenings with Kate Varanelle from Smile Keepers. Screening is now available three days a week (up from one day) in the centralized screening room. This is both for re-registration and new registrations of children for preschool. Health staff continue to review the information for the PIR report.

**Family and Community Partnerships Update:**

The June Policy Committee meeting was shorter than usual as the major tasks for the year have been accomplished. The SETA representatives gave a very positive report on the leadership training presented by Tracy Tomasky. There will be no Policy Committee meeting in July.

**Transition Services Update:**

Teachers completed their transition activities in June with their end-of-the-year family events. There were many fun fieldtrips and special events at the school sites, recognizing the
progress of all children this year. The classroom binder of transition activities will be revised and updated this year. The revisions will go to teachers in August when preschool classes resume.

**Program Support/Staff Training Update:**

SJUSD concluded the training schedule in May. Next year’s professional development plan is complete.

San Juan has created summer committee opportunities for teachers to participate in the process of planning for the next academic year. There is a math committee which is creating a pacing guide for math activities that occur throughout the year in the classroom, two math workshops which will be offered to teachers, and home math activities for parents to do with their children. Additionally, there is an assessment committee which is creating a more teacher friendly approach to SJUSD’s assessment system of collecting anecdotal evidence.

**Fiscal Update:**

June has been a very busy month as all fiscal reports and claims were submitted to SETA on June 10th.

Year-end close began within the San Juan Unified School District so that all receipts, mileage claims, etc. are being processed so that final payments can be made by the 30th of June. All Head Start and Early Head Start projections and trends are currently on track for this time of year. Early Head Start, since it is year round, is still in session.

**Early Head Start:**

The month began with an all staff celebration lunch. Food and fun was had by all! The month ends with two parent/staff trainings on Healthy Feeding of Young Children. The same training is being offered at two locations on two different nights to accommodate families on both ends of the district.

**Twin Rivers Unified School District**

**Highlights:**

Challenges/successes, enrollment and attendance, on-going monitoring, DRDP-r, self-assessment, PIR, program highlights and significant program changes, expansion updates, etc.

**Events:**

The few school days in June were dedicated to “Last Circles” the end-of-the-year celebrations. Teaching staff coordinated ceremonies for all students entering kindergarten as well as returning to preschool. Parents and relatives attended the ceremonies and students delighted in showcasing their talents with songs, skits and reading. Students displayed their artwork and delighted at receiving diplomas/awards for their tremendous effort and hard work. Students will return on August 11, 2011.
**Components:**

All Component Leaders worked on gathering data for the Program Information Report (PIR).

Plans for the upcoming year were finalized and component leaders are scheduled to return August 2011.

**Policy and parent Committees:**

Due to the summer break, there were no Parent Committee or Policy Council meetings in June. Meetings will resume August 2011.

**Personnel Changes:**

Due to the loss of state funding, several preschool teachers were laid off and state programs were closed. This created a bumping process. Three of the Head Start teachers were included in the layoff. On May 31, 2011 the Policy Committee approved the selection of the two highly qualified teachers to continue in the Head Start Supplemental classes for the 2011-2012 school term.

**WCIC**

School is not in session. No report for June.
