Purpose, Mission, & Vision

Purpose

The SETA/Sacramento Works Job Center System provides resources and services to employers and job seekers, including especially underserved job seekers in Sacramento City and County.

With that continuing purpose our vision and mission include:

Building a dynamic workforce for the Sacramento Region and partnering with the workforce community to serve regional employment needs.

Services for Employers

SETA offers a variety of Outreach and Recruitment Services:

- Job Posting
- Candidate Recruitment
- Applicant Screening Services
- Employee Outplacement
- Skill Assessment
- Employee Training
- Information Resources

SETA's most popular free services include:

- **Call us direct at 1 (877) 920-5627 (JOBS)**

We will take your job order over-the-phone or submit it with our online Job Order Form (*Available at www.sacramentoworks.org*).

You can also register in our system and post your own job orders at www.caljobs.ca.gov

- **Customized Recruitment**

We can develop a unique recruitment event to address your hiring needs.

- **Customized Training**

In partnership with the Employment Training Panel and local educational organizations, we can offer training to your current employees.

- **Customized Screening**

We can save time and money when you use us to screen your applicants. (*Applications & Interviews*)

- **Career Fairs**

We help plan and participate in career fairs and community events aimed at filling specific staffing needs.

- **Customized Outplacement**

We coordinate services to assist workers in finding new jobs and/or receiving training for new careers.

- **Customized Skill Assessment**

Feel confident you are hiring the right people by letting us help you to use our skills assessment tools (e.g. *WorkKeys*)

What Employers Say

It's been good, the best thing was 75% of pay covered for 9 or 10 weeks. It gives me the ability to hire people I might not otherwise be able to hire.

You (SETA\Sacramento Works) do a great job of screening training and presenting them (Job candidates) with the right skills.

My favorite two ways to find new employees are through personal contacts and SETA\Sacramento Works.”

Gordon Mills
Owner, *New Life Electronics*

Villara Building Systems knows firsthand the value of working with SETA\Sacramento Works to create an internal job training program. We received funding and administrative assistance for developing badly needed and newly skilled construction workers from among our own employees.

I believe in the value of those services so strongly, that I agreed many years ago to serve on the Sacramento Works board and to help make benefits like these available to other firms as well!”

Rick Wylie
President, *Villara Building Systems*

“At the Metro Chamber we believe that SETA\Sacramento Works is a valuable resource to our community It's an organization I'm pleased to serve as a Board Member and as a part of its Employer Outreach activities.”

Amanda Blackwood
President & CEO, *Sacramento Metropolitan Chamber of Commerce*

“After 30 years with Sacramento County, and the last 17 in economic development I've had many opportunities to work with SETA\Sacramento Works and I've come to rely on them to consistently respond and perform. When we learn about companies that need help with screening or interviewing candidates, job fairs, relocations, outplacement, etc. we know from experience that they provide services employers value.”

Troy Givans
Director, Dept. of Economic Development and Marketing for *Sacramento County*
