Ms. Michelle O'Camb reviewed the transfer of dislocated worker funds to the adult program. The request is to transfer up to eighty percent of the dislocated worker funding to the adult program; the amount will be approximately \$2.5 million. If approved by the board, then it will go to the Governing Board in October and submitted to EDD for approval.

Mr. Wylie clarified this is an annual process that allows for money to be shifted from where it is originally allocated to where it is needed.

D. Continuing Discussion on Results of the Survey of Sacramento Works Priorities

Mr. Wylie reviewed the online survey taken at the previous board meeting on the areas of focus to be prioritized for the board and its mission. The votes were counted and the programs were listed in order by level of priority. The list will be a part of the discussion at the board retreat in October. One goal of the retreat will be to discuss how the board, as individual board members and a collective, can contribute in the success of the focus areas.

Ms. Smith thanked Mr. Wylie for his leadership over the last year and a half. She spoke on the importance of the retreat and participation. The Executive Director of the California Workforce Association will be the facilitator.

A poll was taken to determine who is available to attend the board retreat inperson.

C. Approval to Submit Workforce Innovation and Opportunity Act Self-Assessment Reports to the California Workforce Development Board for Certification of America's Job Centers

Ms. Monica Barber reviewed the state self-assessment reports. The state policy requires local boards to certify job centers. Local boards that also function as the One Stop operator are unable to self-certify; therefore, the state will certify all of SETA's job centers.

Moved/Clawson, second/Hutchinson, to approve the submission of Workforce Innovation and Opportunity Act Self-Assessment Reports to the California Workforce Development Board for Certification of America's Job Centers

Abstention: 0

E. Business Implications of COVID-19 on Board Members

Ms. Hutchinson gave an overview of DataStream Investigations. She has been with the company five weeks. DataStream is a worker's compensation insurance investigation company. The company has done well during the pandemic. There are twenty-three affiliates nationwide, and growing. One problem they are facing is a high turnover rate for investigators, which is approximately forty to forty-five percent. Investigators on average are in the position for two years before moving on from the company or moving into another area of the company. Currently there are thirty-two open positions nationwide. A challenge has been unsuccessfully obtaining workers. DataStream is offering the position at the starting wage of \$15 to \$17 per hour, however, they are receiving call backs wanting a minimum of \$20 per hour. This is forcing the company to re-evaluate their budget for the next year.

IV. Information Items

A. WIOA Performance Report

Mr. Giddings presented and reviewed the Bamboo report for AJCC performance for the year. A couple of the centers did struggle. Fruitridge was a brand-new center during the pandemic. Mark Sanders was closed for most of the year. Mather was closed and is now working in conjunction with the Franklin Center. The total number of enrollments is 1,860, the previous year was 2,205, the year before that we had 2,495. Comparing the previous years' enrollment numbers to this year, it is clear COVID-19 has had an impact.

Mr. Wylie asked what Mr. Giddings perspective going forward is. Is this simply COVID-19 related? Are we expecting to see the numbers return to some of the prior year results?

Mr. Giddings answered yes, it is expected for the enrollment numbers to increase. In the first two months of the year we had 139 new enrollments.

B. Summary of Youth Initiatives

Ms. Carpenter presented on youth initiatives the Sacramento Works team works on year-round. There are a number of initiatives operated in-house with the Youth Services Development team. Some of those programs serve additional youth in recruiting, preparing them to be successful in internship placement. Work readiness and case management are two areas of work with the youth. The team recruits employers for internship placements and manages each of the programs. Through the Department of Rehabilitation funding, seventy youth with disabilities are served. We were able to increase the funding to serve seventy from fifty the previous year. We have been asked to serve 100 youth next year. It

is a highlight when we are able to place youth in permanent jobs; this year six youth received permanent employment from their internships in this program.

This Way Onward is a program we operate through the Gap Foundation. From this program thirty-six interns were placed; of those, twenty-three received permanent placements. We received notice this program funding will continue for three more years.

The SMUD internship is an in-school program where we prepare the youth for their internship by providing three of five days of intensive work readiness training. During this training they do live and video interviews to be selected for an internship position. This year we served five youth, due to COVID-19. We expect numbers to return to normal next year.

One of the new programs is the Health Educator Partnership with the Health Education Council and funding through the Medical Health Services Act. For this program we serve youth ages eighteen to twenty-four. We prepare them to be peer specialists in mental and behavioral health. They go through a seven-week training program, and receive a stipend of \$300 for completing the training. After the training is complete they are placed in related paid internships of forty hours in mental or behavioral health organizations. To date we have trained seventy youth. There is one more cohort left to complete the program after the first of the year. We are looking for funding to sustain the program and partnership with the Health Education Council. We are actively reaching out to the community and various funding sources in hopes of extending the program beyond the grant end date of December 2022.

Mr. Ellis asked if we have a reporting responsibility to funders.

Ms. Carpenter replied we do have to report on outcomes. We do have to report on how many are enrolled, served, trained, placed, and the number of employers we develop internships for.

C. Dislocated Worker Report

Mr. Wylie commented on the indication Disney stores will be closing.

Mr. Walker confirmed that Disney will be closing sixty stores throughout the nation, including the one located in the Arden Mall. The intent is to relocate the Disney stores within Target stores.

- D. Employer Recruitment Activity Report: No questions
- E. Unemployment Update/Press Release from the Employment Development Department

Ms. Cara Welch reported the latest unemployment numbers were released last Friday for August 2021. The unemployment rate was 6.4 percent, which is down from 6.7 percent in July. The rate trend in 2021 has decreased each month, with the exception of June. It is typical to see a rate decline in August as school staff return for the fall session and local government increases. The largest increase was seen in local government jobs, with 5,900 jobs. The job numbers since February 2020 reflect that we are down 34,000 jobs in the region; we have recovered 79 percent in the jobs lost since February 2020. The largest declines are leisure and hospitality, down 21,000 jobs compared to February 2020. Government jobs are down 9,700 jobs, education and health services are down 8,900 jobs since February 2020. Construction is up 9,200 jobs since February 2020. Mining and logging industries had an increase of 100 jobs. Construction, trade, transportation, and utilities have shown growth during the pandemic.

F. Committee Updates

✓ Youth Committee

Mr. Gordon stated there was nothing to report. He gave recognition to Ms. Carpenter for her work with the Youth Committee. He welcomed the new members of the Youth Committee, Ms. Lisa Hutchinson and Ms. Jackie White.

The next Youth Committee meeting will be Thursday, October 12, 2021.

- ✓ Planning/Oversight Committee: No Report
- ✓ Employer Outreach Committee

Mr. Ellis reviewed upcoming seminars, agenda items, e-newsletters, and draft action plan for the Employer Outreach Committee for 2022.

Ms. Anderson left the meeting at 8:52 a.m.

Mr. King asked if Ms. Wheeler is a voting member, as his representative.

Mr. Ellis said she will be a voting member starting in November.

Mr. Gordon left the meeting at 9:00 a.m.

√ Board Development Committee

Ms. Clawson requested the group to look at the board assessment survey, to confirm all members are meeting the board requirements. The vacant board member position will need to be filled.

V. Other Reports

- 1. Chair: No Report
- Members of the Board:

Ms. Kossick recognized that it is Ms. Nancy Hogan's last board meeting. She will be retiring at the end of September. Ms. Kossick thanked Ms. Hogan for her dedicated years of service.

Ms. Kossick reported on misleading claims made by the Greater Sacramento Economic Council (GSEC) at a public meeting regarding the performance outcomes of SETA's Workforce program. Ms. Kossick clarified SETA has been designated as a high performing board. SETA serves people with significant barriers. Our customers come from underserved groups; these are public assistance, individuals with disabilities, homeless, veterans, ex-offenders, basic skills deficient, English language learners, long term unemployed, and low-income individuals. We do not cream by enrolling educated, skilled, and job ready individuals to get successful outcomes. We served 48,000 individuals for the program year 2019-2020. Approximately 69 percent of individuals served were ethnic minorities. For every dollar invested, \$3.26 is returned in earnings. SETA will be meeting with GSEC to discuss what is happening and to communicate more clearly.

Mr. Jasso stated he would like to foster a better relationship between GSEC and SETA. He said although SETA is the primary workforce actor in the region, it is not the only workforce actor in the region. GSEC's observations were unfair to SETA, however they do have a kernel of relevancy to the national method of addressing workforce. SETA is focusing on the requirements of its federal funding. There are other areas of workforce that are being left behind regionally and nationwide. The focus is on those who are most in need, when there is also a need for upskilling, transition to high paying jobs, etc. The federal system is not there. We are looking to better foster a dialog that leads to all of us in Sacramento to a better place on this topic.

Mr. King asked if GSEC reached out to Ms. Kossick for information.

Ms. Kossick replied that GSEC had requested information in July, which Mr. Kim provided to GSEC. There was no further communication.

Mr. Wylie said as the Chair for the board he has not received any request for information from GSEC.

Ms. Neitzel asked for confirmation that the slide read "the board of California" and SETA was targeted.

Ms. Kossick replied the information shown is what was presented and created by GSEC.

Ms. Smith asked where the GSEC presented the information.

Mr. Jasso answered it was presented at the GSEC board retreat.

Ms. Smith stated she would like to be part of the conversation with GSEC, as the chair of the board.

Mr. Wylie commented that it would be beneficial for a representative of GSEC to join the board.

Mr. Cunningham said the Agency in the past has made efforts to include GSEC on the board.

Mr. Ellis commented there is a GSEC employee on the Employer Outreach Committee.

Ms. Higley requested a copy of the data presented in order to share the correct information.

Mr. Kim said we do partner with GSEC when recruiting; at the staff level there is quality collaboration between the agencies.

Ms. Kossick asked for Mr. Givans and Mr. Jasso to give a city and county perspective on the American Rescue Plan status.

Mr. Givans gave an update on the county two-step process. Staff was asked by the board to develop the first stage as a policy question, if the board were to have some of the funds to spend on a district basis still within the requirements of the American Rescue Plan Act (ARPA) and still within the priorities that they established two years ago under a wide variety of topics. The top four of the eight priorities being, housing and homeless, economic response, and health. It will be discussed whether to allocate those funds from a district standpoint at the next board hearing next Tuesday. On October 5, the allocation methodology and recommendations related to the eight priorities consistent with ARPA will be the targeted discussion. These recommendations will be made by staff and the consultant company. Once the board comes to a consensus on funding allocations, the selected priorities will be rolled out in the fourth quarter and into the first quarter of next year. This will allow the County to coordinate services with SETA and the City.

Mr. Jasso said the city adopted a framework for spending based on categories, similar to what was done with the CARES Act, which was based on a letter of recommendation from the Mayor. The areas of focus are workforce development,

youth, and reopening small businesses. The City will be preparing to do solicitations for ARPA funding. The earliest release of funds to agencies is estimated to be late in the fourth quarter. The City is examining their ability to use some of the ARPA funds to offset lost revenue. Additionally, focusing on businesses, and low- and moderate-income individuals most affected by COVID-19.

Ms. Kossick gave an update on the process of hiring a new Executive Director. The Governing Board will address the updated job specification next month. The County will be taking the lead on recruitment.

Mr. Givans said he could follow up to get a better timeline.

3. Counsel: No Report

4. Public Participation: No Report

Mr. Wylie congratulated Ms. Nancy Hogan and thanked her for her years of service. Mr. Wylie also thanked Ms. Smith and Mr. Orr for stepping up as the new Chair and Vice Chair, and Ms. Clawson for her continued efforts.

VI. Adjournment: The meeting was adjourned at 9:25 a.m.

ITEM III-A- ACTION

APPROVAL OF FINDINGS AND AUTHORIZATION TO EXTEND USE OF TELECONFERENCING PROCEDURES FOR BOARD MEETINGS DURING DECLARED STATE OF EMERGENCY AND/OR WHILE STATE OR LOCAL OFFICIALS CONTINUE TO IMPOSE OR RECOMMEND MEASURES TO PROMOTE SOCIAL DISTANCING

BACKGROUND:

California Governor Gavin Newsom has recently extended until December 31, 2021 the long-existing state of emergency related to COVID-19. Governor Newsom had previously authorized local agencies, by Executive Order, to conduct meetings under the Brown Act utilizing Zoom or other remote procedures to conduct meeting by modified teleconference procedures. Recently the legislature signed and passed into law AB 361, which amended Section 54953 of the Brown Act to similarly authorize teleconferencing of Board Meetings, provided necessary procedures are followed. The Sacramento Works Board on November 17, 2021 will be the first board meeting conducted utilizing the AB 361 Procedures, which are reflected in the Notice for the Board Agenda.

Under AB 361, in the event of disruption which prevents broadcasting of the meeting to members of the public using the call-in or internet-based service options, or in the event of a disruption which prevents members of the public from offering public comments, the legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting is restored.

AB 361 also authorizes public agencies to continue to hold subsequent meetings via teleconference procedures during any state of emergency that directly impacts the ability of the members to meet safely in person or while State or local officials continue to impose or recommend measures to promote social distancing. The Governor's declared continuing state of emergency remains active and continues to serve to protect members of the public from unnecessary risk and exposure to COVID-19. In addition, Sacramento County continues to follow recommendations of the federal CDC promoting social distancing outside of the home and especially indoors. Given these circumstances, in order to allow for the next Board meeting to be held by teleconference procedures consistent with AB 361, the Board must make the following findings no later than 30 days after the first teleconferencing meeting and every 30 days thereafter by majority vote:

- a. The legislative body has reconsidered the circumstances of the state of emergency.
- b. Any of the following circumstances exists:
 - i. The state of emergency continues to directly impact the ability of the members to meet safely in person.

ITEM III-A-ACTION (continued)

Page 2

ii. State or local officials continue to impose or recommend measures to promote social distancing.

RECOMMENDATION:

Authorize the continued use of teleconferencing for Sacramento Works Board meetings under AB 361, occasioned by the continuing state of emergency issued by Governor Newsom and the continuation of local and federal recommendations promoting social distancing outside of the home and especially indoors and, based thereon, make the following findings in support of this action:

- a. The Board has reconsidered the circumstances of the state of emergency.
- b. The following circumstances exist:
 - i. The state of emergency continues to directly impact the ability of the members to meet safely in person.
 - ii. State or local officials continue to impose or recommend measures to promote social distancing.

PRESENTER: Legal Counsel

1. CHAIR'S REPORT

The Chair of the Sacramento Works, Inc. Board, on a regular basis, receives numerous items of information concerning employment and training legislation, current programs, agency activities, and miscellaneous articles.

The important information from the material received and meetings attended will be shared with the entire Board and the method proposed by the Chair is to give a verbal report at each regular meeting. It will also allow time for the Board to provide input on items that may require future action.
