

**Sacramento Employment and Training Agency (SETA)**  
**Children and Family Services Department**  
**Request for Proposals – Building Maintenance, Repair and Construction Projects**  
**RFP Posted: November 4, 2022**  
**Proposals Due: December 9, 2022**  
**Questions and Answers**

**Updates Provided at the Offeror's Conference and Site Walks**

1. Some contact names listed on Attachment 5, *Site Walk Schedule*, are subject to change. The assigned SETA staff will be outside of the early learning center at least 10 minutes in advance of the scheduled time. Please do not enter the center unaccompanied by a SETA staff member and/or ask center about details of this the projects.
2. Individual Scopes of Work have been added to the SETA website and are attached to this Q/A. They were distributed at individual center site walks during the week of November 14<sup>th</sup> – November 17<sup>th</sup> and should help guide proposer's quotes for individual projects within the centers.

**Questions and Answers**

**Question:** *This Solicitation mentions Asbestos Removal but does not have any bid forms for this scope of work. Are you soliciting bids for this work at this time or at a future date?*

**Response:** We do not have any current asbestos removal projects but are soliciting for future work.

**Question:** *Just confirming on the fencing scope, you are just looking for painting of existing fencing?*

**Response:** The current projects are for painting existing fencing but future projects may include the purchase/installation of new and/or replacement fencing.

**Question:** *I read the documents and it sounds like we will need to prequalify in order to be eligible to provide you a proposal on future modular building projects in 2023- 2025. Is that correct?*

**Response:** Yes, this is correct. SETA is soliciting for open projects now and future projects as listed in the RFP. There is no immediate need for a modular building at this time but there may be in the near future. If you have a standard modular that meets the outlined specs in the RFP, please submit for review and consideration. It is also possible that the cost of a new modular building, when needed, may require a separate procurement. If that is the case, we will reach out to those on the qualified vendor list first.

**Question:** *Are we able to provide pricing for the shade structure portion of work only? It appears it was put together with playground equipment. However, we only do shade structures.*

**Response:** Yes, proposers may provide pricing for the shade structure portion of the work only. SETA is soliciting for shade structure installation, replacement, and/or repairs independent of other play equipment needed at any given center.

**Question:** *Can you submit a capability sheet without a scope of work?*

**Response:** Yes, proposers can submit a rate sheet for future projects that do not have a current scope of work/current project.

**Question:** *Will engineering assessments be needed?*

**Response:** If future projects require land assessments, such as Phase I Assessments, SETA will include that in Task Order Request.

**RFP – Building Maintenance, Repair and Construction  
Questions and Answers**

**Question: *For future modular projects, will SETA be soliciting additional bids?***

**Response:** It is possible. Depending on the response to this solicitation; funding terms and conditions of the project; SETA Governing Board authority; and/or the size/scope of the future project, SETA may be required to solicit additional bids for modular building projects.

**Question: *For the interior painting projects, are the ceiling tiles to be painted as well?***

**Response:** No, ceiling tiles will not be part of the scope of work for interior painting.

**Question: *Will the carpet be replaced at Dudley?***

**Response:** No, the carpet will not be replaced; it will remain as is.

**Question: *Can you tell me if there are site plans for these two sites that dictate how large the shade structures need to be and how large of a playground area there is?***

**Response:** For Capital City it is just the playground; no shade structure is needed. For Spinelli, the shade structure would be 30' x 40'.

**Question: *Do you know the size of the playground box for Capital City?***

**Response:** Capital City has 2 different sections of the playground, as follows:

- A) 1440 sq feet with fibar (preschool)
- B) 625 sq feet with pour-n-play surfacing (toddler)

**Question: *For the shade at Spinelli, do you know if it is a fabric shade and what the eave height is?***

**Response:** Spinelli does not have a current shade structure at this time and no eaves in area. We are looking for a 10-foot high shade structure to be installed. Generally, SETA purchases/installs shade structures with canvas tops.

# SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Artificial Grass

## SCOPE OF WORK

### Project Location

Site Name:	Capitol City ELC
Site Address:	7220 24 <sup>th</sup> Street Sacramento, CA 95822

### **Installation of Artificial Grass:**

- Remove and dispose of the existing synthetic turf and/or grass in 1 area of the Preschool playground, approximately 1,044 sq. ft. and also the toddler playground that is approximately 766 sq. ft.
- Install a dual fiber synthetic turf system in in 1 area of the preschool playground, approximately 1,044 sq. ft. and also the toddler playground that is approximately 766 sq. ft.

## SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Artificial Grass

### SCOPE OF WORK

#### Project Location

Site Name:	Grizzly Hollow ELC
Site Address:	805 Elk Hills Drive Galt, CA 95632

#### **Installation of Artificial Grass:**

- Remove and dispose of the existing grass in 1 area of the playground, approximately 300 sq. ft.
- Install a dual fiber synthetic turf system in 1 area of the playground, approximately 300 sq. ft.

# SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title:                      Artificial Grass

## SCOPE OF WORK

### **Project Location**

Site Name:	Hopkins Park ELC
Site Address:	2317 Matson Drive Sacramento, CA 95822

### **Installation of Artificial Grass:**

- Remove and dispose of the existing grass on the east side of the building by the sandbox, approximately 16 X40sq. ft.
- Install a dual fiber synthetic turf system on the east side of the building by the sandbox, approximately 16 X40sq. ft.

## SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Artificial Grass

### SCOPE OF WORK

#### Project Location

Site Name:	Northview ELC
Site Address:	2401 Northview Drive Sacramento, CA 95814

#### **Installation of Artificial Grass:**

- Remove and dispose of the existing grass in 1 area in the front of the building, approximately 496 sq. ft.
- Install a dual fiber synthetic turf system in 1 area in front of the building, approximately 496 sq. ft.

## SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Artificial Grass

### SCOPE OF WORK

#### Project Location

Site Name:	Strizek Park ELC
Site Address:	3829 Stephen Drive North Highlands, CA 95660

#### **Installation of Artificial Grass:**

- Remove and dispose of the existing synthetic turf and/or grass in 4 areas of the playground, approximately 3360 sq. ft.
- Install a dual fiber synthetic turf system in 4 areas of the playground, approximately 3360 sq. ft.

## **Cabinets and Countertops**

Contractor will design ADA compliant cabinets/countertops and present a drawing or depiction illustrating how the new cabinets will look. Remove existing cabinets and dispose. Install new cabinets, cabinet hardware, solid surface countertops, and sink. Cutout for and install the sink. Cut out faucet holes on new countertops. Cabinet color and grain is to be determined by SETA using samples provided by the contractor. Countertop color is to be determined by SETA using samples provided by the contractor. Electrical, plumbing and appliance removal and installation not included in scope of work. This will be completed by other staff.

# SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Cabinets and Countertops

## SCOPE OF WORK

### Project Location

Site Name:	Alder Grove I/T
Address	2640 A/B Muir way, Sacramento, CA 95815

### Cabinets and Countertops:

- Replace existing cabinets in **west** kitchen with new upper and lower cabinets approximately 7’ 10” linear feet including new sink and faucet.
- Replace cabinets in **east** kitchen with new upper and lower cabinets approximately 7’ 10” linear feet, including new sink and faucet.
- In **east** kitchen create space in lower cabinets for a 24” dishwasher.
- In east kitchen remove and replace existing 8’ linear cabinet and countertop

## SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Cabinets and Countertops

### SCOPE OF WORK

#### Project Location

Site Name:	Elkhorn ELC Classroom #2
Address	5249 Elkhorn Blvd., Sacramento, CA 95660

#### **Cabinets and Countertops:**

- Replace existing cabinets and countertops in classroom #2 with the following:
  - 10' uppers and lowers
  - 36" countertops with a 20' high section on the far left with a sink and a 2<sup>nd</sup> sink just to the right of the 1<sup>st</sup> sink that is 36" high.

## SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Cabinets and Countertops

### SCOPE OF WORK

#### **Project Location**

Site Name:	Galt ELC
Address	615 2 <sup>nd</sup> Street, Galt, CA 95623

#### **Cabinets and Countertops:**

- Replace existing cabinets and countertops in the center with the following:
  - 19 linear feet, uppers and lowers with 4 openings for chairs in the bottom cabinets.

# SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Cabinets and Countertops

## SCOPE OF WORK

### Project Location

Site Name:	Hillsdale ELC
Address	5665 Hillsdale Blvd., #4 Sacramento, CA 95842

### Cabinets and Countertops:

- Replace existing upper and lower kitchen cabinets and replace with the following:
  - Lower cabinets that are approximately 9’-5’ wide, 36’ counter height with a 26’ opening to accommodate a commercial dishwasher.
  - A hole should be cut for a double stainless-steel sink as well as holes cut for a faucet if necessary.
  - Upper cabinets that are 36” high by 12” deep, and approximately 9’-5’ wide. Design and install new cabinets in former stove space, floor to ceiling, with 4 shelves, 30” w x 23” d x 96” h.
  - All cabinets shall be laminate over plywood.

## SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Cabinets and Countertops

### SCOPE OF WORK

#### **Project Location**

Site Name:	Kennedy Estates ELC
Address	6501 Elder Creek Rd., Sacramento, CA 95824

Project Title:                      Electronic Access Control System

### SCOPE OF WORK

#### **Project Location**

Site Name:	Nedra Court ELC
Address	60 Nedra Court., Sacramento, CA 95822

#### **Electronic Access Control Systems:**

Install and hardwire an Electronic Access Control system for the front entrance door of a child care center.

## **Exterior Siding Removal and Replacement**

Remove deteriorated siding and/or trim. Remove vapor barrier beneath exterior surface if it is compromised. Advise if any additional structural work or dry rot repair is necessary/recommended. At areas of work, install new backing as needed, replace vapor barrier as needed, and install new siding and/or trim along with necessary flashing to insure proper reconstruction of building envelope. All new siding, trim and flashing should match existing that was removed. All new wood material will be primed on six sides prior to installation. All necessary caulking will be included, and work will be left in "paint ready" condition. All construction equipment, construction debris and similar will be removed from site daily - or properly safeguarded during non-business hours.

### **Locations**

Solid Foundations ELC  
7505 Franklin Blvd., Sacramento CA 95823

## SETA Request for Proposal – Building Maintenance, Repair, and Construction Projects

***This Scope of Work is in conjunction with the description provided in Attachment 2A of the RFP. SETA is seeking Quotes for this specific project in the RFP.***

Project Title: Exterior Siding Removal and Replacement

### SCOPE OF WORK

#### Project Location

Site Name:	Solid Foundation ELC
Address	7505 Franklin Blvd., Sacramento, CA 95823

#### **Exterior Siding Removal and Replacement:**

- Repair or replace exterior siding on a modular building that is approx. 2,400 sq. ft.

## **Flooring / Carpeting**

The contractor shall inspect surfaces for excessive moisture content and unevenness, remove and replace flooring/carpeting. The contractor shall provide all materials, labor, tools and related services required for the performance of the contract. The contractor will provide floor coverings at the direction of SETA. 12"X12" VCT standard color and 6" vinyl base color is to be determined by SETA using samples provided by the contractor.

Upon request, the contractor shall provide layout plans, work plans, and written schedules to be approved by SETA prior to work commencing.

The project requires coordination with SETA. Certain work may be required to be completed after hours or on weekends. Normal business hours are 7:00 a.m. to 5:00 p.m.

#### Project Location

Site Name:	Norma Johnson ELC
Address	3265 Norwood Avenue, Sacramento, CA 95838

#### **Heating, Ventilation, and Air Conditioning:**

- Remove existing HVAC system
- Install HVAC system in a center that is approx. 4,773 sq. ft accordance with guidance in Attachment 2A.

## **Painting - Interior**

The project includes painting interior walls and ceilings in various Early Learning Centers (ELC). The project requires coordination with SETA to ensure its continued operation throughout the project. Certain work will be required to be completed after hours or on weekends. Normal business hours are 7:00 a.m. to 5:00 p.m. The initial project will be performed at ten (10) early learning centers and will include the following scope of work:

- Move and protect furniture in the path of work as-needed.
- Protect flooring and other surfaces.
- Patch all drywall and/or plaster damage
- Paint surfaces with Swiss Coffee Semi-Gloss paint.  
Note: color may vary depending on location.
- Provide final cleaning services.

#### Project Location

Site Name:	Spinelli ELC
Site Address:	3401 Scotland Drive Antelope, CA 95843

#### **Installation of Playground Equipment and Shade Structure:**

- Install a playground for children 3-5 years old of SETA's choosing with a shade structure of SETA's choosing for a playground space that is approx.12,000 sq. ft.

## **Roof Removal and Replacement**

Contractor shall remove and replace the existing building roof with a membrane roof, providing and paying for all materials, labor, tools, equipment, and transportation necessary to execute, complete and deliver the work within the specified time. Permits and licenses necessary for the execution of work shall be secured and paid for by the contractor. All supplies and material shall be new. Certain work will be required to be completed after hours or on weekends. Normal business hours are 7:00 a.m. to 5:00 p.m.

All materials need to be locked up and stored properly. The construction area must be cleaned up and organized each night to reduce trip hazards and the risk of a fire. Deliveries that arrive without a contractor representative on site will not likely be received. All materials must be as specified and pre-approved by SETA before orders are placed.
