1. Approval to Transfer Workforce Innovation and Opportunity Act Dislocated Worker Funds to Adult Funds, Program Year 2021-2022, and Authorize Staff to Submit a Request to the State of California, Employment Development Department

Ms. Michelle O'Camb reviewed the transfer of Workforce Innovation and Opportunity Act (WIOA) funding. Under the WIOA and state policy, up to 100 percent of the formula funds can be transferred between the adult and dislocated worker programs. SETA is seeking approval to transfer up to eighty percent of this year's dislocated worker formula allocation to the adult formula allocation, which is approximately \$2.5 million. The transfer of dislocated worker funds allows for flexibility in responding to labor market demands or changes. This request was approved by the Sacramento Works Board in September. If approved by the Governing Board, the request will then go to the Employment Development Department for approval.

# IV. <u>Information Items</u>

- A. Fiscal Monitoring Reports: No questions
- B. Summary of Youth Initiatives

Ms. Kathy Kossick acknowledged Ms. Terri Carpenter's efforts with the youth initiatives and the impact on the community.

- C. Employer Success Stories and Activity Report: No questions
- D. Dislocated Worker Update: No questions
- E. Unemployment Update/Press Release from the Employment Development Department: No questions
- F. Head Start Reports

Ms. Lee reviewed the vaccine mandate for Head Start and Early Head Start that President Biden released on September 9, 2021. A notification was sent to Head Start and Early Head Start staff, apprising them that while there are many unanswered questions, we know the vaccine mandate deadline will be January 2022. We are awaiting official legislative language for more details including the exact date of the January deadline. With the holidays quickly approaching there is a need to give as much notice to staff as possible, to allow time to receive all required vaccine doses. There is an anticipated impact on staffing shortages, which we are already facing. Head Start is experiencing staffing shortage across the nation. There continues to be COVID-19 exposure in the classrooms. These exposures are coming from children or staff bringing in the virus as a positive test. Our response to an exposure is to close classrooms for a period of time, no more than ten days in most cases. Closure timelines are in line with CDC guidelines and exposures for child care centers.

Ms. Lee introduced Ms. Judy Lima, the new Health and Nutrition Coordinator.

Mr. Nottoli asked how the rising fuel and food costs have affected the Head Start budget.

Ms. Lee said that costs have increased overall, including gas, maintenance, food, construction projects, etc. The American Rescue Plan (ARP), Corona Virus Response and Relief Supplemental Appropriation Act (CRRSA) funds, and the approved carryover extension will all help to cover increased costs through March 2023. If costs do not return to normal the budget will need to be reassessed. Working and advocating through our funders will be helpful in the months ahead.

Mr. Guerra said there are several challenges we are facing in working to get people back to work, as well as, available and affordable childcare. One of those challenges is maintaining staffing levels. Mr. Guerra discussed with Ms. Kossick, Mr. Kim, and Ms. Lee prior to the board meeting how to tackle this issue facing the Sacramento area. There is an opportunity for SETA to lead as a city and

county joint powers authority, working with both the workforce and childcare components. Mr. Guerra read a statement:

"I request that SETA lead/convene an Early Childhood Education/Childcare sector initiative with partners and community stakeholders to develop solutions that improve access to affordable and quality childcare, particularly for working parents, and to increase access to self-sufficient career pathways in the Early Childhood Education/Childcare sector."

We have a tremendous challenge in staffing our programs, keeping them staffed, getting in-home providers, and partnerships with schools. Mr. Guerra said a city taskforce is reporting on the feedback coming in from the public regarding these challenges. Mr. Guerra said he would like to request that SETA be the convening body, as the Agency has the tools and expertise to carry out the proposal.

Mr. Kennedy stated that he agreed with Director Guerra, if it is legally possible and we can identify funding to do so. It seems that of all the agencies in the Sacramento area, SETA is the clear Agency to house this activity due to the crossover of multi-jurisdictions, including private and public sector, education communities, both community college level and K-12. Those are all relationships SETA already has, particularly in this subject area. Mr. Kennedy agreed with Councilmember Guerra and supports the proposed initiative.

Mr. Thatch said there are different options of moving forward with this proposed initiative. One option is to give certain direction to the Executive Director. Another option is to bring back the proposed initiative as an item on the next meeting agenda for a formal motion.

Mr. Guerra stated he would like to bring the proposed initiative back for a formal vote at the next board meeting. He would also like to know if any of the \$2.51 million and the \$45,000 would be available to help support staff in following through on the initiative.

# V. Reports to the Board

#### A. Chair:

Ms. Scherman reminded the board the new Chair and Vice Chair will be elected at the November meeting.

#### B. Executive Director:

Ms. Kossick mentioned the Employment Development Department has started to release solicitations for programs. SETA will be actively pursuing any programs that best fit the Agency's program needs.

## C. Deputy Directors:

Mr. Kim handed the report to Ms. O'Camb.

Ms. O'Camb said the refugee resettlement stakeholders are meeting on a bi-weekly basis to discuss any changes. The reported arrival information shows California has received about 3,000 refugees and SIVs; 2,100 of those are settling in the Sacramento area. These numbers are for the initial resettlement, it is unknown the number of secondary migrants; those who come to Sacramento after initially arriving in another state. California will be resettling 12,779 refugees in the new program year, which started October 1, 2021. This is the standard reception and placement that was approved in July 2021. Sacramento is scheduled to resettle 5,500 of the 12,000 refugees arriving in California. We were informed last week that 300 of the 5,500 refugees could be resettled in Yuba and Sutter counties. Humanitarian parolees do not have immigration status that qualifies them for the benefits currently being offered. The number of humanitarian parolees arriving in California is about 5,000. Of that number, 2,000 will be resettling in Sacramento under the Afghan Placement Assistance Program. Reception and placement services will be provided from September 1, 2021 through March 31, 2022. The refugees arriving as humanitarian parolees will have access to limited services. The state legislature and Governor Newsom recently approved the use of the Trafficking Crime and Victim Assistance Program (TCVAP) to provide services to the humanitarian parolees. Under this program and the State Bill 170, humanitarian parolees will have access to cash assistance, medical, and food services.

SETA is waiting to hear whether the humanitarian refugees will be eligible for our refugee service program. The challenge is the humanitarian parolees, at this point, do not have the right to work for the first 150 days and lack a social security number. There will be an all-county welfare directors letter released in the future providing guidance on the use of the TCVAP funding. It is possible the number of humanitarian parolees arriving in California will increase from the 5,000, potentially doubling or tripling by the end of the year. The Population Refugee Migration (PRM) program developed a new database called Humming Bird to track humanitarian parolees, allowing for data to be reported in real time. This will give states and counties advance notice to prepare resources.

Mr. Kennedy commented that the County approved for the board to set aside \$5 million for this issue specifically, as a reserve fund.

Ms. O'Camb said at this time we are sufficiently funded in regards to the SETA refugee program.

Mr. Nottoli stated his concern of the impact from secondary migrants.

Ms. O'Camb explained the potential high volume of secondary migrants is expected. We know a large number of refugees will initially arrive in Wisconsin. They will be there for about a month, then some will find their way to California, specifically Sacramento. On an annual basis a report is sent to the state, which

continues on to the federal level with the actual number of refugees served. Additionally, a medical report is sent that tracks any access to cash benefits. The annual allocations a state receives from the Office of Refugee Resettlement is based on the initial arrival number that is documented in advance. This allocation is then adjusted for those who are granted asylum and the secondary migrants not captured in the initial allocation.

D. Counsel: No report.

E. Members of the Board: No comments.

F. Public: No comment.

# ITEM II-B - CONSENT

# APPROVAL OF CLAIMS AND WARRANTS

## **BACKGROUND:**

Kathy Kossick, Executive Director, has reviewed the claims for the period 9/29/2021 through 10/25/2021, and all expenses appear to be appropriate.

# **RECOMMENDATION:**

Approve the claims and warrants for the period 9/29/2021 through 10/25/2021.

PRESENTER: Kathy Kossick

#### ITEM II-C- CONSENT

#### APPROVAL TO USE FUND BALANCE

#### BACKGROUND:

During the course of an annual review process it was discovered that there is an outstanding balance owed from two former employees due to payroll overpayments in the amount of \$1,415.05. The overpayments were caused by administrative errors.

Additional systems and safeguards have been put into place to ensure the same errors will not happen in the future. Typically, SETA's policy requires overpayments to be repaid to the Agency within 26 pay periods. Since both employees in question are separated from SETA, the Agency must use the fund balance to cover the costs.

#### **RECOMMENDATION:**

Approve the use of fund balance to cover the additional payroll costs in the amount of \$1,415.05.

#### <u>ITEM III-A –1 - ACTION</u>

APPROVAL OF FINDINGS AND AUTHORIZATION TO EXTEND USE OF TELECONFERENCING PROCEDURES FOR BOARD MEETINGS DURING DECLARED STATE OF EMERGENCY AND/OR WHILE STATE OR LOCAL OFFICIALS CONTINUE TO IMPOSE OR RECOMMEND MEASURES TO PROMOTE SOCIAL DISTANCING

#### **BACKGROUND:**

California Governor Gavin Newsom has recently extended until December 31, 2021 the long-existing state of emergency related to COVID-19. Governor Newsom had previously authorized local agencies, by Executive Order, to conduct meetings under the Brown Act utilizing Zoom or other remote procedures to conduct meeting by modified teleconference procedures. Recently the legislature signed and passed into law AB 361, which amended Section 54953 of the Brown Act to similarly authorize teleconferencing of Board Meetings, provided necessary procedures are followed. The Governing Board on November 4, 2021 will be the first board meeting conducted utilizing the AB 361 Procedures, which are reflected in the Notice for the Board Agenda.

Under AB 361, in the event of disruption which prevents broadcasting of the meeting to members of the public using the call-in or internet-based service options, or in the event of a disruption which prevents members of the public from offering public comments, the legislative body shall take no further action on items appearing on the meeting agenda until public access to the meeting is restored.

AB 361 also authorizes public agencies to continue to hold subsequent meetings via teleconference procedures during any state of emergency that directly impacts the ability of the members to meet safely in person or while State or local officials continue to impose or recommend measures to promote social distancing. The Governor's declared continuing state of emergency remains active and continues to serve to protect members of the public from unnecessary risk and exposure to COVID-19. In addition, Sacramento County continues to follow recommendations of the federal CDC promoting social distancing outside of the home and especially indoors. Given these circumstances, in order to allow for the next Board meeting to be held by teleconference procedures consistent with AB 361, the Board must make the following findings no later than 30 days after the first teleconferencing meeting and every 30 days thereafter by majority vote:

- a. The legislative body has reconsidered the circumstances of the state of emergency.
- b. Any of the following circumstances exists:
  - i. The state of emergency continues to directly impact the ability of the members to meet safely in person.

#### ITEM III-A-1-ACTION(continued)

Page 2

ii. State or local officials continue to impose or recommend measures to promote social distancing.

## **RECOMMENDATION:**

Authorize the continued use of teleconferencing for Governing Board meetings under AB 361, occasioned by the continuing state of emergency issued by Governor Newsom and the continuation of local and federal recommendations promoting social distancing outside of the home and especially indoors and, based thereon, make the following findings in support of this action:

- a. The Board has reconsidered the circumstances of the state of emergency.
- b. The following circumstances exist:
  - i. The state of emergency continues to directly impact the ability of the members to meet safely in person.
  - ii. State or local officials continue to impose or recommend measures to promote social distancing.

PRESENTER: Legal Counsel

#### ITEM III-A -2 - ACTION

# TIMED ITEM 10:00 A.M. AND PUBLIC HEARING: APPROVAL OF REVISED JOB SPECIFICATION FOR EXECUTIVE DIRECTOR

#### **BACKGROUND**:

This will assist in the recruitment process.

Attached is a red-lined version and clean version of the job specification.

## **RECOMMENDATION:**

Open a Public Hearing, receive input, and take action to close the public hearing and approve the revised job specification for the Executive Director.

#### ITEM III-A -3 - ACTION

# ELECTION OF OFFICERS OF THE SACRAMENTO EMPLOYMENT AND TRAINING AGENCY GOVERNING BOARD

## **BACKGROUND**:

As stipulated by the Joint Powers Agreement, "the Governing Board shall select a chairperson and vice-chairperson from among its members for one-year terms." The chair alternates among the City, County and Public Representative.

## **RECOMMENDATION**:

That the Board nominate and elect officers for a one-year term to begin on November 4, 2021.

PRESENTER: Kathy Kossick

#### ITEM III-A -4 - ACTION

APPROVAL TO PURCHASE AGENCY INSURANCE FOR GENERAL LIABILITY, VEHICLE LIABILITY, UMBRELLA LIABILITY, PROPERTY, CRIME, INLAND MARINE, PROFESSIONAL LIABILITY, EMPLOYEE BENEFITS, SEXUAL/PHYSICAL ABUSE, DIRECTORS AND OFFICER'S LIABILITY, EMPLOYMENT PRACTICES LIABILITY, PARTICIPANT ACCIDENT, FLOOD, AND CYBER

#### BACKGROUND:

The Agency's insurance policies for general liability, vehicle liability, umbrella liability, property, crime, inland marine, professional liability, employee benefits, sexual/physical abuse, directors and officer's liability, employment practices liability, participant accident, flood, and cyber expire December 1, 2021.

SETA's broker, Arthur J. Gallagher & Co., is currently exploring various markets to secure the necessary coverage and will present an oral report at the meeting.

If final quotes are not available at the November 4, 2021 meeting, the Board may delegate procurement authority to the Executive Director.

### RECOMMENDATION;

Hear the oral report and take appropriate action.

PRESENTER: D'et Saurbourne

#### ITEM III-B-1- ACTION

RATIFY THE SUBMISSION OF AN APPLICATION TO THE CALIFORNIA EMPLOYMENT TRAINING PANEL AND AUTHORIZE THE EXECUTIVE DIRECTOR TO EXECUTE THE AGREEMENT, SUBGRANT AGREEMENTS, MODIFICATIONS AND ANY OTHER DOCUMENTS REQUIRED TO IMPLEMENT THE PROGRAM

#### **BACKGROUND:**

The Employment Training Panel (ETP) provides funding to employers to assist in upgrading the skills of their workers through training that leads to good paying, long-term jobs. The ETP was created in 1982 by the California State Legislature and is funded by California employers through a special payroll tax.

On October 7, 2021, SETA submitted an ETP application for a multi-employer project in the amount of \$453,744 to train 1,200 Villara incumbent workers who will receive training in Basic and Advanced HVAC, Plumbing, & Solar, Manufacture Standard Skills, Productive Lab, All Lean Trainings, Standard Work Matrices, Leadership Training, Career Coaching, Conflict Resolution, Communication in the Work Place, Excel and Outlook. Additionally, 36 Elica Health Centers incumbent Medical Assistants and Clinic Managers will receive Business Skills training to include: Communication Skills, Workplace Ethics and Professionalism, Team Building and Collaboration, Effective Problem Solving, Embracing Diversity, Demonstrating Compassion, Structure – Clinic Training, and Implementing Caring Science into Clinics.

Both organizations have expressed a strong need for training and upskilling employees. Villara notes that the construction industry is exploding while the skilled workers are aging out of the profession. Training is essential for the next generation to learn the skills of the residential construction sector. Elica Health Centers has grown over 400% since 2015- increasing the number of health centers from two to eleven during the past six years, launching a mobile medicine program, a primary dental care program, and adding behavioral/mental healthcare to their array of services. Elica's commitment to enhancing the training of employees has been and continues to be a critical component of their ability to manage and sustain such rapid organizational growth.

#### **RECOMMENDATION:**

Ratify the submission of an Employment Training Panel (ETP) application in the amount of \$453,744 to support incumbent worker training in Construction and Healthcare, and authorize the SETA Executive Director to execute the agreement, subgrant agreements, modifications and any other documents required by the funding source.

PRESENTER: Terri Carpenter

#### ITEM III-C-1 – ACTION

APPROVAL TO LAUNCH AN EARLY CHILDHOOD EDUCATION AND CHILDCARE
SECTOR INITIATIVE AND AUTHORIZE STAFF TO IDENTIFY AND PURSUE
FUNDING, EXECUTE AGREEMENTS, AND TAKE OTHER NECESSARY ACTION IN
FURTHERANCE OF THE INITIATIVE

## **BACKGROUND:**

At the October 7, 2021 Governing Board Meeting, Mr. Guerra requested that SETA lead/convene an Early Childhood Education/Childcare sector initiative with partners and community stakeholders to develop solutions that improve access to affordable and quality childcare, particularly for working parents, and to increase access to self-sufficient career pathways in the Early Childhood Education/Childcare sector.

The ensuing Board discussion included the challenges in accessing childcare, the shortage of workforce talent, potential funding available, and SETA's unique position to lead the initiative. It was agreed that an action item would be placed on the agenda for the November 4, 2021 Governing Board Meeting.

## **RECOMMENDATION:**

Approve the launch of an Early Childhood Education and Childcare Sector Initiative and authorize staff to identify and pursue funding, execute agreements, and take other necessary action in furtherance of the initiative.

PRESENTER: Denise Lee

## **ITEM III-C-2 ACTION**

#### APPROVAL TO RELEASE AN INVITATION FOR SEALED BIDS

#### **BACKGROUND:**

On February 4, 2021, the Governing Board authorized the Children and Family Services Department to submit a Head Start/Early Head Start budget modification to the Office of Head Start/Administration for Children and Families. The budget modification reprogramed underspent funds in the Personnel, Fringe Benefits, Supplies, Equipment and Other cost categories to fund tenant improvements at the Northview Early Learning Center, located at 2401 Northview Drive, Sacramento. Funding was approved as follows:

- FY' 2019-2020 CARES Act/COVID-19 funds under a No-Cost Extension
   Grant # 09CH010182 \$650,000
- FY' 2020-2021 Head Start/Early Head Start Basic Grant #09CH011763 \$650,000

Since receiving approval, staff has procured and contracted for project management and architectural services to move forward with space design and finishes. Architectural plans were developed and submitted to the City of Sacramento on October 8, 2021. The plans are currently under the review process, which could take 4-6 weeks.

As part of the review process, the City of Sacramento will provide initial feedback to the architectural firm, who will in return respond with changes and/or comments. This process could take a few weeks to complete, which will likely be after the November 4<sup>th</sup> Governing Board meeting.

Staff is requesting authorization to release an Invitation for Sealed Bids (IFSB) for general contractor services, incorporating any City-required revisions before actual release. The target release date is November 15, 2021. However, this date may need to be modified and/or content may need to be updated prior to release based on the City plan review process. While SETA does not anticipate significant changes to the IFSB, flexibility for such is imperative in order to maintain the schedule to insure completion of Tenant Improvements before funding expires.

## <u>Item III-C-2-ACTION</u> (continued)

Page 2

Tenant improvements are estimated to take approximately 6 months upon notice to proceed. Funding expires on July 31, 2022, making timelines extremely tight and not coinciding with regularly scheduled Governing Board meetings.

As a result, staff is also requesting approval to delegate authority to the Executive Director to make modifications to the IFSB in response to the City review process and to release the IFSB, in consultation with SETA legal counsel, as soon as practicable after the City review process is completed.

Staff will return to the Governing Board on January 6, 2022 to review and take action on the selection of the successful bidder.

The Invitation for Sealed Bids (IFSB) will be sent under separate cover.

#### **RECOMMENDATION:**

Approval to delegate authority to the Executive Director to make modifications, in response to revisions necessary for final City permits, and to release the Invitation for Sealed Bids (IFSB) for general contractor services for the Northview Early Learning Center Tenant Improvements.

PRESENTER: Denise Lee

#### PROGRAM INFORMATION REPORT (PIR) OVERVIEW

### Background and Purpose:

In 1978, the national Head Start Bureau (aka OHS) began the first uniform collection of data to describe the nation's Head Start program. By the mid-1980s, the Head Start Program Information Report (PIR) was the "principal source of basic information about the operating characteristics of Head Start programs and the services they provide" (Ellsworth 1978). The PIR is an extensive survey that all Head Start and Early Head Start programs are required to complete on an annual basis. Data collected through the PIR is used for a variety of purposes including:

- to describe varied program design and staffing patterns
- to report funded and actual enrollment levels
- to describe and quantify the services delivered by each program, and
- to identify demographic and social trends among the children and families served.

The PIR also provides summary data at the national, regional, state, city and zip code levels. Selected areas of the reports are used to inform national policy decisions and provide timely information in response to Congressional and public inquiry about the program.

### 2020-2021 PIR Report:

There are three charts attached – one Head Start chart, which represents services to preschool aged children and two Early Head Start charts, which represent services to infants, toddlers and pregnant woman. These data charts are not inclusive of all questions included in the federal PIR but instead focus on key indicators for program quality and threshold comparisons.

#### Summary of Results and Corrective Plans:

- Despite overall percentages being lower than previous years (non-COVID-19 years), SETA remains on par with State and National levels.
- Due to Shelter-in-Place closures, Sacramento County Head Start/Early Head Start programs struggled to maintain full enrollment in distance learning and remote services. This was the same across the state and the nation.

- Nearly all enrolled children (96%) have an identified medical home and medical insurance.
- The percentage of children completing all medical screenings significantly declined from previous years due to lack of in-person services and medical appointments during the pandemic. Sacramento is slightly less than its state and national counterparts.
  - <u>Note</u>: To count as medically complete, a child must be up-to-date on ALL of the following screenings: blood pressure, height/weight, physical exam, blood lead, and TB.
  - As programs return to in-persons services in 2021-2022, these percentages will significantly increase for the 2021-2022 program year.
- Seventy-one (71%) of children received follow-up medical treatment as needed. This is on par with state and national averages.
- The percentage of children completing a dental examination significantly declined from previous years due to COVID-19 closures. However, Sacramento County is higher than the state and national averages.
  - As programs return to in-persons services, these percentages will significantly increase for the 2021-2022 program year.
- Staff have assisted more than 58 families experiencing homelessness during the program year.
- Nearly 75% of all Head Start teachers hold a Bachelor's degree or higher, outpacing national and state averages.
- One hundred percent (100%) of all Head Start Home-Based teacher hold a permit, Associate's

#### Countywide Head Start & Early Head Start

#### **Reasons for Under-enrollment**

- Recruitment and Enrollment efforts not producing high turnout of interested families that meet federal income guidelines.
- Families are taking precautions of Covid-19 due to living in multi-generational households.
- Parents fear of children exposure to Covid-19 variants.
- Parent frustration with lack of understanding on public health ordinance for school safety guidelines.
- Frequent class closures due to lack of staff retention.

## Strategies for Addressing Under-Enrollment in the New Program Year

- Programs will continue to monitor and be diligent in health practices to prevent spread of illness.
- Expand recruitment and outreach activities (i.e. include registration/enrollment information in program/district-wide communications to families, offer virtual registration, drop off/mail packets, TK/K referrals, reach out to families with siblings, revisit recruitment lists for families who rejected/had limited participation in distance learning, etc.).
- Track and monitor student rosters and recruitment log/activities weekly.
- Place advertisements in various media outlets, targeting special sub-groups.
- Host Child Development Job Fairs, for recruitment of school/center staff positions.
