Dominique Espinosa, Vice Chair; Mutual Housing California

Others Present: Pamela Moore, Roy Kim, Julie Davis-Jaffe, Arys Scott

Ms. Wash called the meeting to order at 3:03 p.m. The roll was called and a quorum was established.

I. CONSENT ITEM: None

II. ACTION/DISCUSSION ITEM:

A. Discussion on the CAB Strategic Plan

Ms. Moore advised that the Organizational Standards require the Community Action Board's (CAB's) mission, vision, and strategic plan to be reviewed every five (5) years to ensure consistency with the priorities established in the Agency's Community Action Plan.

The SETA CAB Strategic Plan and Community Action Plan: At a Glance (which contains SETA Identified Priorities) were provided as handouts to the committee members.

Ms. Moore emphasized that the SETA Community Action Program prioritizes the education of young children and implementing long-term strategies to help families overcome poverty. She also reminded the Committee members that the Community Service Block Grant (CSBG) program was established in the 1960s to address community needs and fight poverty.

Ms. Moore suggested that changes to the CAB strategic plan should be based on the issues that we saw rise as a result of the 2024-2025 Community Action Plan.

Mr. Garcia stated that the CAB's strategic plan is meant to create a movement toward self-sufficiency. He inquired if any reports were available on the current effectiveness of the program and the metrics being utilized. Mr. Garcia reminded members that the CAB had

recently shifted to a strength-based approach, focusing on five protective factors, which was a significant change from the previous Request for Proposals (RFP) process. He also mentioned that this change provided an opportunity to revise the strategic plan.

Ms. Wash added that in order to evaluate the program's impact, the community should be given an opportunity to speak freely, possibly in a forum-like setting.

Ms. Cummings shared that the agency she represents focuses on addressing cultural appropriateness while providing information to the community. They conduct listening sessions to provide a platform for people to voice their concerns and seek solutions. Additionally, they invite program graduates who can share their experiences and provide testimony. This approach is beneficial in spreading awareness about the available services.

Ms. Moore suggested incorporating a community and stakeholder listening session at SETA's upcoming Community Resource Fair.

Ms. Wash suggested providing information on available community services during the Agency's parents' meetings to spark conversations on community needs.

Mr. Kim stated the strategic plan is intended to provide guidance for the entire CSBG program, and it should be aligned with the adopted Community Action Plan. The strategic plan should focus on defining the strategies that will be used to accomplish the priorities outlined in the Community Action Plan.

Mr. Garcia shared that the First 5 Sacramento Commission has initiated a new process for the upcoming RFP cycle. The applicants were required to conduct surveys of the community they serve and analyze the results to identify the needs of the community. The RFP package had to include the findings and how the funding would be used to address the identified community's needs. This process aimed to focus on the community assessment rather than just fulfilling the grantee requirements. He suggested that SETA, as a grantee, formalize the need for those funded agencies to provide reports on their communication with the served community and the effectiveness of the programs.

Ms. Davis-Jaffe stated that the ultimate goal is not just to provide services as people become dependent on them but to lead the families to self-sufficiency with the help of the services provided.

Ms. Wash suggested that informal spaces should be created where people can feel vulnerable and openly discuss their hardships.

Mr. Garcia shared information about a Parent Café offered by the agency he represents. This is a Peer-to-Peer listening and learning session, where a staff member is present to facilitate the conversation.

The CAB strategic plan (including vision and mission statements) is scheduled for approval at June's CAB meeting. The plan needs to be included with the CSBG organizational standards, which are due on August 31.

The Committee recommended that Mr. Kim and Ms. Davis-Jaffe invite current provider representatives to the next Committee meeting to participate in the discussion.

The Strategic Planning Committee will hold its next meetings on April 4 and May 2, 2024, at 3:00 p.m.

- III. INFORMATION ITEM: None
- IV. ADJOURNMENT: The meeting adjourned at 3:55 p.m.

Note: The minutes reflect the actual progression of the meeting.
