SECTION I

INTRODUCTION

The Sacramento Employment and Training Agency (SETA) is a Joint Powers Agency of the City and County of Sacramento that administers state and federally-funded human service programs throughout Sacramento County. Programs for economically disadvantaged persons include job training and employment assistance under the federal Workforce Innovation and Opportunity Act (WIOA), services to refugees under the Targeted Assistance and Refugee Support Services Grants; human services under the Community Services Block Grant; and educational programs under Head Start.

SETA is created under authority of Government Code Section 6500 et. seq. by the City and County of Sacramento to provide human services to the residents of the area. SETA is governed by a five-member board comprised of two City Council members, two County Supervisors and a public member appointed by the City of Sacramento and the County of Sacramento.

SETA is an equal opportunity employer and contractor and does not discriminate in contracting on the basis of sex, marital status, age, race, creed, color, disability or physical or mental condition, religion, national origin or ancestry, political affiliation or belief, or heritage.

PURPOSE FOR THE SOLICITATION

With the passage of the Telecommunications Act of 1996, the Federal Communications Commission (FCC) began adding a tax on telecommunication services to provide discounts to schools and library programs via the Schools and Libraries Division (SLD). The program, known as the Schools and Libraries Program of the Universal Service Fund, is commonly referred to as E-Rate. Entities eligible for E-Rate include schools, school districts, libraries, and Head Start programs.

SETA is issuing this Request for Proposals (“RFP”) for the purpose of soliciting proposals from vendors to secure Broadband Services, specifically a switched Ethernet Virtual Private Line (EVPL) service or any other Broadband Private Line Ethernet service that can provide a minimum of 20 MB per remote location in a hub and spoke typology. The non-exclusive Site List can be found in Appendix A of this RFP.

Additionally, the intent of this document is to provide specifications and requirements for the solicited service. A single vendor may be selected. Appendix B of this RFP contains the list of solicited installation and service specifications and requirements.

I. GENERAL INFORMATION AND INSTRUCTIONS

(1) Inquiries

All inquiries concerning this RFP shall be answered at the proposer's conference.

(2) Right to Terminate RFP

SETA reserves the right to terminate this Request for Proposals and all documents associated with the Request for Proposals, in its sole discretion at any time, with or without cause, upon written notice to the other party. In the event of termination, notice shall be deemed served on the date of mailing and shall be effective immediately. SETA shall not be responsible for any costs to proposer prior to termination.

(3) Ambiguity - Conflict or Other Errors in RFP

If a proposer discovers any ambiguity, conflict, discrepancy, omission or other errors in the RFP, the proposer shall immediately notify SETA of such error in writing and request modification or clarification of the document. Modifications will be made by issuing a revision and will be given by written notice to all parties who have been furnished with the RFP, without divulging the source of the request for the same.

If a proposer fails to notify SETA prior to the date and time fixed for submission of proposals of an error, or an error that reasonably should have been known, the proposal shall be submitted at the proposer's own risk. If selected, the proposer shall not be entitled to additional compensation or time by reason of the error or its later correction.

SETA may also modify the RFP, prior to the date and time fixed for submission of proposals, by issuance of a revision to all parties who have received the RFP. **It is the responsibility of prospective proposers to check the website for updates and addenda.**

(4) Qualified Applicant Agencies

Only proposers holding a valid Service Provider Identification Number (SPIN) are eligible to respond to this RFP. Entities holding "Red-Light Status" with the FCC are not eligible for funding under this RFP and no proposals submitted by such entities will be considered.

(6) E-Rate

The contractor selected as a result of this RFP process will be required to participate in the E-Rate program and will be responsible for the following:

- To become familiar with any rules or regulations regarding the E-Rate program;
- Invoicing the SLD for the funded amount. *The funded amount will be the amount shown on SETA's FCC Form 471 Block 5;*
- Submitting to SETA copies of all forms and invoices prior to submission to SLD; and
- Procuring the discounted amount from the SLD. *SETA will not provide the Form 472 (BEAR form reimbursement process).*

In addition, the contractor selected must be aware of the following:

- Services procured through this RFP depend on partial funding from the E-Rate program;
- The contract entered into as a result of this RFP is contingent upon the specific funding of the Funding Request Number (FRN);
- The maximum amount SETA will be liable for is the pre-discount amount minus the funded amount as shown on SETA's FCC Form 471 Block 5; and
- All work is subject to approval of the project or purchase by the FCC under the E-Rate discount program of the Telecommunications Act of 1996.
- SETA reserves the right to cancel or in any manner reduce the scope of this procurement in the event the SLD does not completely fund the request for funding submitted referencing this proposal.

Responder Service Provider Requirements

The Responder must meet or exceed minimum qualification requirements.

1. Service Providers are required to be in full compliance with all current requirements and future requirements issued by the SLD throughout the contractual period of any contract entered into as a result of this RFP.
2. Service Providers are responsible for providing a valid SPIN (Service Provider Identification Number). More information about obtaining a SPIN may be found at this website: <https://www.usac.org/e-rate/service-providers/step-1-obtain-a-spin/>
3. Service Providers are responsible for providing a valid Federal Communications Commission (FCC) Registration Number (FRN) at the time the proposal is submitted. More information about obtaining an FRN may be found at this website: <https://apps.fcc.gov/coresWeb/publicHome.do>
4. Service Providers are responsible for providing evidence of FCC Green Light Status at the time the proposal is submitted. Any potential proposer found to be in Red Light Status will be disqualified from participation in the procurement process and will be considered non-responsive. More information about FCC Red and Green Light Status may be found at this website: http://www.fcc.gov/debt_collection/welcome.html
5. Products and services must be delivered before billing can commence. At no time may the Service Provider invoice before July 1, of the funding year.
6. Goods and services provided shall be clearly designated as “E-rate Eligible”. Non-eligible goods and services shall be clearly called out as 100% non-eligible or shall be “cost allocated” to show the percentage of eligible costs per SLD guidelines.
7. Within one (1) week of award by Universal Services Administrative Company (USAC), the awarded Service Provider must provide the SETA a bill of materials using a completed USAC “Item 21 Template”. Subsequent schedules of values and invoices for each site must match Item 21 Attachment or subsequent service substitutions. A summary sheet must also be provided to provide the cumulative amount for all sites.
8. In the event of questions during an E-rate pre-commitment review, post-commitment review and/or audit inquiry, the awarded Service Provider is expected to reply within 3 days to questions associated with its proposal.
9. Services providers must comply with the FCC rules for Lowest Corresponding Price (“LCP”). Further details on LCP may be obtained at USAC's website: <https://www.usac.org/e-rate/service-providers/step-2-responding-to-bids/lowest-corresponding-price/>

Responder Service Provider Acknowledgements

1. The Service Provider acknowledges that no change in the products and/or services specified in this document will be allowed without prior written approval from the SETA and a USAC service substitution approval with the exception of a Global Service Substitution.

2. The Service Provider acknowledges that its offer is considered the lowest corresponding price pursuant to § 54.511(b). Should it not be the lowest corresponding price, the service provider must disclose the conditions leading to the applicant being charged in excess of lowest corresponding price.
3. This offer is in full compliance with USAC's Free Services Advisory <https://www.usac.org/e-rate/applicant-process/competitive-bidding/free-services-advisory/>. There are no free services offered that would predicate an artificial discount and preclude the applicant from paying its proportionate non-discounted share of costs. The service provider agrees to provide substantiating documentation to support this assertion should the applicant, USAC, or the FCC request it.
4. Starting Services/Advance Installation: The annual E-rate Funding Year begins on July 1 and expires on June 30 of each calendar year. Regardless of the contract "effective date", E-rate eligible goods and/or services requested in this RFP shall be delivered no earlier than the start of the 2026 funding year (July 1, 2026). If Category 1 services (Telecommunication Services and Internet access) will begin on or shortly after July 1 of a funding year, the service provider, in some cases, may need to undertake some construction and installation work prior to the beginning of that funding year. Within the limitations indicated below, the infrastructure costs of a service provider can be deemed to be delivered at the same time the associated Category 1 services begin. That is, if services begin on July 1, then the delivery of service provider infrastructure necessary for those services can be considered as also delivered on July 1.
5. Early Funding Conditions:
 - Category 1
 - There are four conditions that must be met in order for USAC to provide support in a funding year for Category 1 infrastructure costs incurred prior to that funding year.
 - Initiation of installation cannot take place before selection of the service provider pursuant to a posted Form 470 and in any event no earlier than six months prior to July 1 of the funding year.
 - The Category 1 service must depend on the installation of the infrastructure.
 - The underlying Category 1 service cannot have a service start date prior to July 1 of the funding year.
 - No invoices can be submitted to USAC for reimbursement prior to July 1 of the funding year.

For more information, please refer to the FCC Order involving the Nassau County Board of Cooperative Educational Services ([DA 02-3365](#) , released December 6, 2002). This FCC decision only applies to Priority 1 services (Telecommunications Services and Internet access).

The complete text can be found at the following URL:

<https://www.usac.org/e-rate/applicant-process/starting-services/advance-installation/>

- Category 2

There is one condition that allows USAC to provide support in a funding year for Category 2 installation costs incurred prior to that funding year. We also amend our rules for category two non-recurring services to permit applicants to seek support for category two eligible services purchased on or after April 1, three months prior to the start of funding year on July 1. This will provide awardees the flexibility to purchase equipment in preparation for the summer recess and provide the maximum amount of time during the summer to install these critical networks.

For more information, please refer to the FCC Report and Order and Further Notice of Proposed Rulemaking ([FCC 14-99](#) , released July 23, 2014). This FCC decision only applies to Category 2 services (Internal Connections).

6. Invoicing

The Service Provider agrees to bill and receive a portion of the payment for the provisions of goods and services described herein directly from USAC via the Form 474 Service Provider Invoice (SPI). The SETA will only be responsible for paying its non-discounted share of costs and does not intend to use the BEAR process (Form 472). The maximum percentage the SETA will be liable for is the pre-discount amount minus the funded amount as shown on the FCC Form 471 Block 5 and any identified ineligible costs. Upon the successful receipt or posting of a Funding Commitment Decision Letter from the SLD and submission and certification of Form 486, the SETA shall pay only the discounted amount beginning with the billing cycle immediately following said approval. Alternatively, should the SETA decide that it is in the best interest of the SETA to file a Form 472, the SETA will inform the Service Provider of its intent.

All Service Provider invoicing to USAC must be completed within 120 days from the last day of service. Should the Service Provider fail to invoice USAC in a timely manner, the SETA will only be responsible for paying its non-discounted share.

Additionally, if the service qualifies for California Teleconnect Funds, then the service provider will invoice the California PUC.

7. FCC/SLD Auditability

The E-rate program requires that all records be retained for at least ten (10) years from the last date of service provided on a particular funding request. Respondent hereby agrees to retain all books, records, and other documents relative to any Agreement resulting from this RFP for ten (10) years after final payment. The SETA, its authorized agents, and/or auditors reserves the right to perform or have performed an audit of the records of the Respondent and therefore shall have full access to and the right to examine any of said materials within a reasonable period of time during said period.

8. Procurement of Additional Goods and/or Services/Coterminous Expiration

During the term of any Agreement resulting from this RFP, the SETA may elect to procure additional or like goods and/or services offered by the Respondent. Such services shall be negotiated and obtained via an official amendment to this Agreement and approval by the SETA's Governing Board. All terms, conditions, warranties, obligations, maintenance and support of said goods or services shall have a

coterminous expiration date with the original date of this Agreement. The SETA shall not enter into a separate Agreement for said goods or services. Respondents must state in their proposal that they acknowledge, accept and are in agreement with coterminous expiration conditions.

(7) Proposal Development, Submission Requirements/Deadline, and Information:

- **Response Format** – All proposers must respond to this RFP using the response format provided in Section II. In responding, no substitutions in format or design will be considered. Each proposal shall conform and be responsive to SETA specifications. Proposer shall furnish complete specifications, provide rates for all services requested, and provide pricing for all equipment and parts solicited under this RFP.

Changes in or additions to the proposal form, alternative proposals, or any modifications of the proposal form, which is not specifically called for in the contract documents, may result in SETA's rejection of the proposal as not being responsive to this RFP. No oral or telephonic (facsimile machine, FAX, inclusive) modifications of any proposal submitted will be considered.

- **Signing Authority** - The proposal must be signed by an appropriate official who is authorized to submit the proposal on behalf of the responding agency. The proposal must also include documentation indicating by what authority, either through a resolution or other valid instrument, the person(s) is/are authorized to negotiate and contractually bind the responding agency, if selected.
- **Proposal Submittal** - Proposer must submit proposal via email to:

Procurement@seta.net

AND

erate@adtechgroup.com

Emailed proposals containing all elements must be submitted not later than the closing date and time. Proposals shall be delivered to the attention of **Sacramento Employment and Training Agency**.

- **Proposal Deadline** - Proposals must be submitted to Procurement@seta.net AND erate@adtechgroup.com by **5:00 p.m., P.S.T on Friday, March 13, 2026**. Late proposals will not be accepted or considered. In accordance with the policy of the SETA Governing Board, proposals received after 5:00 p.m., P.S.T, on the noted date will not be considered – **NO EXCEPTIONS**.
- **Erasures** - The proposal submitted must not contain erasures, interlineations, or other corrections unless each such correction is suitably authenticated by affixing in the margin immediately opposite the correction, the surname or surnames of the person, or person signing the proposal.
- **Price List** – Provide one-time installation costs and monthly installation and service pricing in Exhibit A of this RFP.

- **All Costs Included** - All costs must be included in the proposal. The specifications are meant to outline SETA's functional requirements and are not meant to be an exhaustive list of services required to accomplish these requirements.
- **Taxes and Insurance** - All insurance that may be required shall be included in all proposal response quotations. SETA is not exempt from California State sales and use taxes. SETA is exempt from paying Federal Excise Taxes. California sales tax shall be included in the proposal response quotations as a separate line item.
- **Examination of Contract and Other Documents** - Proposers shall thoroughly examine and be familiar with the Drawings and Specifications. The failure or omission of any proposer to receive or examine any contract documents, forms, instruments, addenda or other documents or to visit the site and acquaint himself/herself with conditions there existing shall in no way relieve any proposer from obligations with respect to his proposal or the contract. The submission of a proposal shall be taken as "Prima Facie" evidence of compliance with this section.

(8) Examination of SETA's Standard Services Contract

SETA intends to enter into a contractual agreement with the successful proposer substantially in accordance with SETA's standard Services Contract. A copy of the most recent form of this contract is available for review. Proposers responding to this RFP are prohibited from taking exception to any language contained within said document.

At the proposer's own expense and prior to submitting a proposal, each proposer shall examine the Standard Services Contract and determine the conditions that may in any way affect the performance of the work; familiarize itself with all Federal, State and local laws, ordinances, rules, regulations and code affecting the performance of the work; determine the character, quality, and quantities of the work to be performed and the materials and equipment to be provided; and correlate its observations, investigations, and determinations with the requirements of the contract document.

(9) Contract Term

The contract will commence upon SETA's receipt of E-Rate approval and the successful proposer satisfying all of SETA's administrative and insurance requirements. The contract will be a one-year term (12 month) term. Unless otherwise agreed upon, the contract start date will be July 1, 2026. All contracts, regardless of start date, shall end on June 30, 2027.

(10) Contract Extension

SETA shall have the exclusive option to extend any contract awarded for two (2) additional one (1) year terms, through June 30, 2029 contingent upon prior approval by SLD. The fee for any additional term will be subject to renegotiation based upon required performance. Any increase will not exceed 5% or the Consumer Price Index, whichever is smaller. If additional services are required during the initial term or any additional term, a fee will be negotiated consistent with the fee established for the services otherwise provided.

(11) Contract Modification

Any contract funded pursuant to this RFP may be unilaterally modified by SETA upon written notice to the contractor under the following circumstances:

- a) Contractor fails to timely meet and/or provide services as set forth in the contract, or
- b) The Federal or State government increases, reduces or withdraws funds allocated to SETA, or
- c) There is a change in Federal or State law or regulations, or the policies and procedures of SETA are amended, revised, or modified, or
- d) SETA's loss of E-Rate approval.

(12) Subcontracting

Subcontracting portions of services solicited through this RFP may be permitted. In such instances, proposers must clearly delineate in the proposal any plans to subcontract, identify with clarity the nature and scope of any planned subcontracting services, and identify and verify the capability of the proposed subcontractor(s). SETA reserves the right to approve the form and content of all subcontracts.

Subcontractors of the successful proposer will be required to comply with SETA's insurance and fingerprinting requirements and provide SETA with all required administrative documents, certifications, and disclosures.

(13) Contract Funding

Partial funding will be provided by the U.S. Department of Health and Human Services, Administration for Children and Families, under the auspices of the Head Start Act and through WIOA, Targeted Assistance, Refugee Support Services, Community Services Block Grant, and CalWORKs.

The majority of the funding will be provided by the Universal Service Administrative Company (USAC), SLD E-Rate Fund. Funds will be administered by the SLD directly to the successful proposer subject to approval of the project or purchase by the FCC under the E-Rate discount program of the Telecommunications Act of 1996.

(14) Insurance Requirements

Prior to contract execution and commencement of project performance, SETA shall receive from contractor's insurer a certificate of insurance, and applicable endorsements issued by the funded agency's insurance carrier, indicating all coverages pursuant to SETA's insurance requirements.

SETA is very exacting with regard to the insurance requirements. If an agency's insurance is not in place prior to the start of the project, the agency will not be allowed to start. If an agency's insurance expires during the course of the program and new certificates/endorsements are not received prior to the expiration date, payment will be suspended immediately. Project performance may be suspended shortly thereafter if the agency's new insurance certificate(s) is/are not filed with the SETA Contracts Unit.

(15) Resolution

SETA has a standardized resolution which will be required of all public agencies and incorporated entities. The applicant agency's Governing Body or Board of Directors will be required to adopt the appropriate resolution for the purpose of appointing specific individuals authorized to both sign and negotiate the contract. The resolution requires the original signature of the Governing Body's or Board of Director's secretary and the affixation of the corporate seal. Should incorporated entities not have a seal, it will be necessary to obtain one prior to contract execution.

(16) Fingerprinting Requirement

If any portion of the project is to be performed at an operating school, contractor and its subcontractors shall be required to comply with the applicable requirements of Education Code Sections 45125.1 and 45125.2 with respect to fingerprinting of employees who may have contact with a school's pupils. Contractor and its subcontractors will be required to complete Contractor and Subcontractor Fingerprinting Certifications prior to commencing work on the project.

(17) Prohibition

No member of the immediate family of any officer, director, executive or employee of contractor or SETA shall receive favorable treatment or employment with contractor. In addition, neither contractor nor any of contractor's subcontractors shall hire, or cause or allow to be hired, a person into an administrative capacity or staff position funded through the awarding of a contract, if a member of that person's immediate family is employed in an administrative capacity by SETA, contractor, or any employment contractor of contractor. However, where an applicable federal, state or local statute regarding nepotism exists which is more restrictive than this provision, contractor and contractor's subcontractors shall follow the federal, state or local statute in lieu of this provision.

- (a) The term "member of the immediate family" includes: wife, husband, son, daughter, mother, father, brother, brother-in-law, sister, sister-in-law, son-in-law, daughter-in-law, father-in-law, mother-in-law, grandfather, grandmother, aunt, uncle, niece, nephew, step-parent, and step-child.
- (b) The term "administrative capacity" refers to positions involving overall administrative responsibility for a program, including members of SETA's Governing Board and any of its affiliated Boards or Councils and members of the governing body or board of directors of funded agency, or where that individual would be the supervisor of an individual paid with funds

provided through the awarding of any contract or performing duties under the contract award.

- (c) The term "staff position" refers to all staff positions providing services through the awarding of any contract.

(18) Limitation

SETA shall not pay for any costs incurred by any respondents in the preparation of a proposal or related materials in response to this RFP. This RFP does not, in any way, commit SETA to award a contract. SETA reserves the right to accept or reject any or all proposals received in response to this request, to negotiate with all qualified sources, or to cancel, in part or in its entirety, this RFP if it is in the best interest of SETA to do so (i.e., E-Rate approval is not granted).

II. ADDITIONAL REQUIREMENTS/ CONDITIONS:

- (1) **Pricing/Costs** - Prices to remain firm through SLD approval, execution, and duration of the executed contract. All equipment/services costs must be new and included and identified separately. In the event of a price decrease for service or from the manufacturer, said decrease shall be passed on to SETA and documented with new price sheet sent to SETA's Fiscal Department Chief.
- (2) **Disclosure of Proposal Content** - All information submitted is to be considered public knowledge and will be subject to The Public Records Act or any other applicable laws.
- (3) **Proposal Obligation** - The contents of the proposal and any clarification thereto submitted by the successful proposer may at the sole option of SETA, become part of the contractual obligation and be incorporated by reference into the ensuing contract.
- (4) **Implied Requirements** - Products and services not specifically mentioned in this RFP, but which are necessary to provide the functional capabilities described by the proposer, shall be included in the proposal.
- (5) **Error in Proposal** - Any claim by proposer of error in his/her proposal must be made before proposals are opened, or the claim shall be deemed waived. Any proposer may withdraw his/her proposal at any time between the hour of proposal submittal and the hour of proposal opening.
- (6) **Withdrawal of Proposal** - Any proposer may withdraw his proposal by written request. All proposals received by SETA shall remain subject to acceptance for a period of ninety (90) calendar days after the date of the proposal opening.
- (7) **Award of Contract Limitations** - No proposal will be accepted from or contract awarded to any party or firm in arrears to SETA, or who is a defaulter as surety, contractor or otherwise.

- (8) **Evidence of Responsibility** - Upon the request of SETA, a proposer whose proposal is under consideration for the award of the Contract shall submit promptly to SETA satisfactory evidence showing the proposer's financial resources, his experience and organization available for the performance of the contract.
- (9) **Prevailing Law** - In the event of any conflicts or ambiguities between these specifications and state or federal laws, regulations or rules, then the latter shall prevail.
- (10) **Brands** - When a particular brand or brand and model number are named in connection with any item, it is named as a standard of quality and utility only. A proposer may submit a proposal to furnish an item other than that named, but the item offered by the proposer must state in the proposal the brand with its model number, if any, which he will furnish. SETA shall be the sole judge of whether an offered item is the equal of the named item. If the proposer fails to write in the brand and model number of the item to be furnished, it is understood the proposer will furnish the item named by SETA as the standard of quality and utility.
- (11) **Samples** - Where the proposer quotes on a brand named as a standard of the quality and utility desired, a sample of the item will not be required unless specifically requested. If the proposal submitted is on any other brand or make than that so named, a sample thereof must be furnished, if requested, or the bid on the item will not be considered. The sample submitted shall be the exact item the proposer proposes to furnish. Samples of items, when requested, must be furnished free of expense to SETA.
- (12) **Federal or State Regulations** - The proposer's proposal and any contract entered into are subject to all applicable statutes of the United States or of the State of California and all applicable regulations and orders of the Federal or State governments now in effect or which shall be in effect during the period of such contract.
- (13) **Assignment Prohibited** - No contract awarded under this proposal shall be assigned without the approval of SETA.
- (14) **Patent Rights, Copyrights, and Trademarks** - The proposer shall save, keep, bear harmless, and fully indemnify SETA and any of its officers or agents from all damages, or claims for damages, costs, or expenses in law or equity that may at any time arise or be set up for any infringement of the patent rights, copyrights, or trademarks of any person in consequence of the use by SETA, or by any of its officers or agents of items to be supplied by the proposer.
- (15) **Delivery** - All items shall be delivered in quantities specified in the contract F.O.B., at the points within SETA as specified in the contract. Deliveries in advance of the time specified in the contract shall not be accepted unless the proposer has obtained prior approval from SETA. Unless otherwise specified, if an item is not delivered as specified in the contract or if the proposer delivers an item which does not conform to the Specifications, SETA may, at its option, annul and set aside the contract, either in whole or in part, and may enter into a new contract in accordance with law for furnishing such item. Any additional cost or expense incurred by

SETA in the making of such contract or any additional cost of supplying an item by reason of the failure of the proposer, as described in this paragraph, shall be paid by the proposer or his surety.

- (16) **Inspection of Items Furnished** - All items furnished shall be subject to inspection and rejection by SETA for defects or non-compliance with the specifications. The cost of inspection on deliveries or offers for delivery which do not meet specifications may be deducted from the contract price.
- (17) **Inability to Perform** - In the event that proposer is prevented from making delivery or otherwise performing on time as specified in the contract by fire, flood, earthquake, labor or transportation problems, war, acts of government, or any other similar cause commonly known as an act of God, which is not the fault of the proposer, the proposer shall not be required to deliver or perform, subject to the following requirements:
- a. The proposer shall send written notice to SETA of the proposer's inability to perform in accordance with the contract. The notice shall contain all facts which show the condition which prevents performance. The proposer shall send such notice as soon as possible but in no event later than the fifth (5th) day following the date of issuance of a purchase order by SETA or no later than the date specified in the contract for delivery or other performance, whichever is applicable.
 - b. SETA may cancel the contract or purchase order, entirely or in part.
 - c. The proposer shall not make any delivery or otherwise attempt to perform under the contract except on the basis of issuance by SETA of a new purchase order or other written instruction.
- (18) **Warranty Product** - Seller warrants that all articles furnished shall be free from all defects of material and workmanship, that all articles shall be fit and sufficient for the purposes intended, and shall save, keep, bear harmless and fully indemnify SETA and any of its officers, employees or agents from all damages, or claims for damages, costs or expenses in law or equity that may at any time arise from Buyers normal use.
- (19) **Equal Opportunity Employment** - Proposer, in submitting his proposal certifies that he is an Equal Opportunity Employer, and certifies that he is in compliance with the Civil Rights Act of 1964, the State Fair Employment Practice Act, and all other applicable Federal and State laws and regulations relating to equal opportunity employment, including Executive Order No. 11246 of September 24, 1965.
- (20) **Governing Law and Venue** - In the event of litigation, the proposal documents and related matters shall be governed by and construed in accordance with the laws of the State of California. Venue shall be with the appropriate state or federal court located in Sacramento County.
- (21) **Arbitration** - All claims of \$375,000 or less which arise between the proposer and SETA shall be subject to the settlement and arbitration provisions set forth in the Public Contract Code Sections 20104 through 20104.8, which provisions are incorporated hereby by this reference.

- (22) **SPIN** - Each vendor providing services to SETA as part of the E-Rate program must have a Service Provider Identification Number (SPIN). Vendor is responsible to apply to and receive from the Schools and Libraries Division a valid SPIN. Schools and Libraries Division can be reached online at: <https://www.usac.org/e-rate/service-providers/step-1-obtain-a-spin/>.
- (23) **Contractor Registration SB854** - All contractors and subcontractors intending to bid or perform work on public works projects will be required to meet minimum qualifications and register (and annually renew) online for the program. The cost to register for the program is \$400 and is nonrefundable. The DIR will post a list of registered contractors and subcontractors on its website. Duty to notify DIR when awarding a contract for a public works project, using the online PWC-100 form. This requirement, found in Labor Code Section 1773.3, now applies to all public works projects. Previously it applied to projects subject either to apprenticeship or DIR compliance monitoring requirements.

III. EVALUATION AND SELECTION PROCESS

INSTALLATION AND SERVICE SPECIFICATIONS AND REQUIREMENTS**Broadband Services**

1. SETA is seeking to create a resilient solution to expand its current Ethernet Virtual Network with a multi-point design that minimizes the impact of any one location going down, especially the current, SETA Headquarters hub location.
2. The successful contractor will install and provide ongoing service for EVP or other Broadband Ethernet typology solution. All equipment included in this option will be owned and maintained by the awarded contractor with no option for transfer of ownership to the lessee.
3. Switched EVLP is a switched Ethernet transport service providing advanced Ethernet functionality using fiber technology and a switched Ethernet core network. It provides full duplex transport of data signals between a customer's premises and an Ethernet switch in a central office. If necessary to reach and provide 20 MB wan speed to our ELC sites, SETA will be open to other WAN typology options in an effort to provide the best service to each site.
4. All LAN switches will support Power over Ethernet (POE), Quality of Service (QoS), Layer 3 switching, and trunking. A Router or Routing Switch will be located at each location to provide inter-VLAN routing, as well as routing to the internet and other locations. Service should include an EVPL, or equivalent, infrastructure through a Tier 1 provider with SLAs that would be conducive to the implementation of VoIP. Carrier must support QoS prioritization, and bandwidth allocation across the WAN circuits. Contractor's fully managed routers will support the required inter-site connectivity, QoS prioritization, and bandwidth allocation for all WAN typologies being considered separately or together in mix environment.
5. SETA currently has a Virtual Private Ethernet network infrastructure with Juniper M104 core routers and EX2300 switches at the Main Headquarters (hub) site and Juniper EX2300 switches at each of remote (spoke) site. The two Workforce Development sites have Juniper SRX240 routers and EX4200 switches. It is critical that all sites remain connected to the maximum extent possible during the transition to a new or existing wan typology and its infrastructure. Brief outages on a site-by-site basis will be allowed on a pre-arranged schedule. Accordingly, bidders should plan to offer services and/or installation and configuration of new equipment as necessary to maintain connectivity between all sites during the build out of the new network infrastructure. It is understood that this project will require several months to complete. SETA is willing to consider any options bidders wish to propose to maintain the required inter-site connectivity during this period.
6. The Juniper POE switches or routers at each remote site has one SFP 1GB TX Ethernet port to connect to the carrier's broadband network service that support CAT6 Ethernet cables.
7. SETA requests the carrier to extend the DEMARC from the MPOE at each site to the same location where SETA's network equipment is mounted and to provide an appropriate CAT-6 hand-off cable for connection to SETA equipment.

Requirements:

- 1) District Office connections must be able to:
 - a. Support IEEE 802.1Q VLAN Tagging which meets District VLAN tagging needs.
- 2) Exhibit A, Installation and Service Cost and Price List will include:
 - a. Costs for Proposed Services
 - i. In the event there are Installation and/or Curb-to-MPOE costs, the district requests the option to either amortize the costs into the monthly recurring charges or to pay up front. Please detail Installation and/or Curb-to-MPOE charges.
 - ii. In the event there are installation costs to extend the DEMARC, the district requests the option to either amortize the costs into the monthly recurring charges or to pay up front. Please detail charges for extending the DEMARC from the MPOE to the location of SETA network equipment.
- 3) All sites listed must have the option to upgrade bandwidth incrementally as needed during the term of the contract. Maximum inter-site bandwidth at any one site will be 1,000Mbps (1Gbps). Any cost increases associated with upgrading to a higher bandwidth will be paid by SETA.
- 4) All sites listed must have the option to downgrade bandwidth to the minimum offered by the carrier as needed during the term of the contract. The cost savings for downgrading to a lower bandwidth must be passed on to SETA.

Important Notice

Basic Provisions of Section 84308

- I. You are prohibited from making a campaign contribution of \$250 or more to any Sacramento Works, Inc. (Local Workforce Investment Board) or Sacramento Employment and Training Agency board member or any candidate for such a position. This prohibition starts on the date you begin to actively support or oppose an application of a license, permit, or other entitlement for use pending before Sacramento Works, Inc. or the Sacramento Employment and Training Agency, and continuing until three months after a final decision is rendered on the application or proceeding by Sacramento Works, Inc. or the Sacramento Employment and Training Agency.

No Sacramento Works, Inc. or Sacramento Employment and Training Agency board member or candidate may solicit or receive a campaign contribution of \$250 or more from you and/or your agent during this period if the board member or candidate knows or has reason to know that you are a participant.

If you or your agent have made a contribution of \$250 or more to any Sacramento Works, Inc. or Sacramento Employment and Training Agency board member or candidate during the 12 months preceding the decision in the proceeding, that board member must disqualify himself or herself from the decision. However, disqualification is not required if the board member or candidate returns the campaign contribution within 30 days of learning about both the contribution and the fact that you are a participant to the proceeding.

This form should be completed and filed the first time that you lobby in person, testify in person before, or otherwise directly act to influence the vote of the members of the board of either Sacramento Works, Inc. or Sacramento Employment and Training Agency.

3. The prospective recipient of federal assistance funds shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective recipient of federal assistance funds learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms *covered transaction*, *debarred*, *suspended*, *ineligible*, *lower tier covered transaction*, *participant*, *person*, *primary covered transaction*, *principal*, *proposal* and *voluntarily excluded*, as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. INSTRUCTIONS FOR CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

1. By signing and/or submitting this application or subgrant agreement, the subrecipient is providing the certification required by 20 CFR §667.200(d) and 29 CFR Part 98.
2. The certification is a material representation of fact upon which reliance is placed when the Sacramento Employment and Training Agency (hereinafter referred to as the SETA) awards the subgrant. If it is later determined that the subrecipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the SETA, in addition to any other remedies available, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under subgrants, for subrecipients other than individuals, need not be identified on the certification. If known, they may be identified in the subgrant application. If the subrecipient does not identify the workplaces at the time of application, or upon award, if there is no application, the subrecipient must keep the identity of the workplace(s) on file in its office and make the information available for inspection. Failure to identify all known workplaces constitutes a violation of the subrecipient's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the subgrant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority while in operation, employees in each local office, etc.).
5. If the workplace identified to the agency changes during the performance of the subgrant, the subrecipient shall inform the SETA of the change(s), if it previously identified the workplaces in question (see paragraph 3).
6. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Subrecipient's attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes;

Criminal drug statute means a federal or non-federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a subrecipient directly engaged in the performance of work under a subgrant, including:

- (i) All *direct charge* employees;
- (ii) All *indirect charge* employees unless their impact or involvement is insignificant to the performance of the subgrant; and,
- (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the subgrant and who are on the subrecipient's payroll. This definition does not include workers not on the payroll of the subrecipient (e.g., volunteers, consultants or independent contractors not on the subrecipient's payroll)
